

**NR 378 Integrating Analyses of Natural Resource Issues:  
Farmers Fish and Power: Trinity-Klamath River Restoration**  
Spring 2006; Instructors Cecilia Danks and Suzanne Levine

**Course Planning Feedback Form**

**This is this first time this travel study course was offered. Thanks for coming! It was developed from scratch based on the instructors' knowledge of the area & issues and on previous experience in leading travel study courses. We hope it was a good experience, but there is always room for improvement. We value your comments and will incorporate them in future such endeavors!**

1. Should some version of this travel study course to the Trinity-Klamath area be offered again? Why or why not?

2. Please provide feedback on the value of specific sites & speakers.
