

~ WANTED ~

RESEARCH PARTNERS

Scientists at the University of Vermont Entomology Research Laboratory conduct research on greenhouse Integrated Pest Management (IPM). Our goal is to provide practical solutions to growers' pest management problems. We are looking for growers willing to let us use their greenhouses to conduct research to evaluate IPM. If you are interested in being a partner in our research, please fill out the information below and hand it in to the workshop coordinator or send it to:

Margaret Skinner, Entomology Research Laboratory, 661 Spear Street, Burlington, VT 05405-0105
Tel: 802-656-5440 Email: miskinner@uvm.edu

Name: _____ Telephone: _____

Address: _____

Email: _____
