

# Something <u>Old</u>, Something <u>New</u>, Something Borrowed, Everything Blooming!

- January 6, 2015 Manchester, ME January 7, 2015 Durham, NH
- January 8, 2015 Burlington, VT

# PROGRAM

# A Hands-on, Problem Solving Extravaganza!

| - 1 |               |  |
|-----|---------------|--|
|     | 8:30 - 9:00   | Registration & Coffee  |
|     | 9:00 - 9:15   | Welcome  |
|     | 9:15 -10:00   | <b>Diseases, DisordersDiagnosis THEN Decisions for</b><br><b>Management -</b> A review of common diseases and<br>disorders & how to diagnose them. Cultural management<br>will be emphasized. <i>Cheryl Smith, UNH</i> |
|     | 10:00 - 10:45 | <b>Fun with Fertility</b> – A review of soil & water testing, interpreting results & establishing a successful nutrition program. <i>Brian Krug, UNH</i>   |
|     | 10:45 -11.00  | Coffee Break   |
|     | 11:00 -11:45  | What's Crawling On My Plant! Is it Good or Bad? – A review of how to id common arthropod pests found in your greenhouses <i>Alan Eaton, UNH &amp; Margaret Skinner, UVM</i>  |
|     | 11:45-12:30   | Which Biocontrol Should I Use? Learn to id biocontrol agents commonly used for greenhouse pests & how to get them to hang around & be more productive. <i>Cheryl Frank Sullivan, UVM</i>                               |
|     | 12:30 - 1:00  | Lunch (Time to chat with fellow growers and experts)   |
| !   | 1:00 - 2:30   | <b>Grower to Grower Working Groups - IPM Case</b><br><b>Studies*:</b> Growers & specialists work together to develop<br>effective IPM strategies for classic pest, disease &<br>production issues.                     |
|     | 2:30 - 3:00   | <b>Grower to Grower Case Studies Discussion</b> - Growers take the lead in discussing the IPM strategies developed in the working group session.   |
|     | 3:00-3:30     | What's New for Greenhouse IPM in Our Region?<br>Learn what scientists in your region are doing that will<br>improve IPM for you. Also, learn what's in, what's new, &<br>what's out with management techniques.        |
|     | А             | ward Door Prizes & Un to 5 Pesticide Credits!  |

\*Concurrent group sessions

# WELCOME!

The Tri-state Greenhouse IPM Program is a collaboration among growers and specialists from ME, NH and VT. This year's workshops offer sessions on diverse IPM tactics, including plant fertility, and pest and disease ID, as well as updates on current IPM issues and regional research activities.

These workshops are for growers with greenhouses or high tunnels, extension specialists and professional pest managers. Growers of all experience levels and from any state are welcome and will learn something new.

### Margaret Skinner, Univ. of VT
