

Journals and their impact factors (from web pages listed below).

Name	Factor
Advances in Water Resources	1.378
Applied and Environmental Microbiology	3.541
Applied Geochemistry	0.914
Applied Microbiology and Biotechnology	1.641
Chemical Geology	1.846
Critical Reviews in Environmental Science and Technology	0.651
Earth Surface Processes and Landforms	1.040
Ecology	3.573
Engineering Geology	0.323
Environmental Geology	0.522
Environmental Microbiology	3.276
Environmental Monitoring and Assessment	0.485
Environmental Science and Technology	3.751
FEMS Microbiology Ecology	2.405
Geoderma	1.129
Geology	2.217
Groundwater	1.659
Groundwater Monitoring and Remediation	1.722
Hydrogeology Journal	1.009
Hydrological Processes	1.301
Journal of Applied Ecology	1.715
Journal of Contaminant Hydrology,	1.351
Journal of Ecology	2.510
Journal of Environmental Quality	2.357
Journal of Hydrology	1.444
Soil Science Journal	1.156
Mathematical Geology	0.792
Microbial Ecology	2.190
Science	24.595
Soil Science Society of America Journal	1.604
Water, Air & Soil Pollution	0.971
Water Environmental Research	1.146
Water Resources Research	2.061
Water Science and Technology	0.895
