This is merely one suggested route to completing a degree in Economics.

Major = 33 credits in Economics and 3 credits in Mathematics, as follows:

**Required:**

EC 011, 012, 170, 171, 172, and 3 Economics courses at the 200-level or higher;  
 3 courses numbered EC 020-160, or EC 194-196; two of which must be numbered EC 110 or higher;  
 MATH 019 or 021

**Notes:**

EC 11, EC 12, EC 170, EC 171, EC 172 are offered every semester.

Students are urged to take MATH 019 early in the program.

100-level field courses can be taken at any point following EC 11 and EC 12.

Any combination of 100-level field courses may be taken in any order.

EC 170, EC 171, and EC 172 can be taken at any point following EC 11, EC 12 and Math 19; thus beginning in Year 2 of this plan.

The theory and methods courses may be taken in any order.

EC 171 and 172 must be taken at UVM.

200-level courses may be taken at any point following EC 170, 171 and EC 172.

No more than 3 credits from the following courses may be applied toward the major: HON 218, 219; EC 290, 297, 298.

**Restriction:** STAT 141 may not substitute for EC 170 except by special permission of the Department Chair.

**Distribution Requirements:** B.A. degrees in the College of Arts and Sciences require completion of 7 distribution categories:

*Fine Arts:* one 3-credit course in a fine arts discipline

*Foreign Language:* two 3-credit courses in the same foreign language

*Humanities:* two 3-credit courses in a humanities discipline

*Natural Sciences:* two courses from specific departments; one course must include a lab

*Literature:* One 3-credit course in literature

*Mathematical Sciences:* One math course number 17 or higher, or Statistics 51 or higher, or Computer Science 008 or higher, or Philosophy 13, or Anthropology 113/Linguistics 163 or Linguistics 075

*Social Sciences:* Two 3-credit courses in social science disciplines

**General Requirements:**

One Diversity Category 1 course – minimum 3 credits

One Diversity Category 2 course from list of D2 Non-European Cultures courses – minimum 3 credits

One Quantitative Reasoning course – minimum 3 credits

One Sustainability Category course – minimum 3 credits (EC 040 and EC 133 are sustainability courses)

One Writing and Information Literacy course – minimum 3 credits

>>A TAP course will satisfy UVM's Writing and Information Literacy requirement and might also count toward a distribution.

>>> Diversity courses might also count toward a distribution or major requirement.
