**NOTES:**

This plan is a set of possibilities, based on a French language orientation.

It is only one of many possible combinations of available courses in the several disciplines that would add up to a European Studies major.

Students could choose Spanish, Italian, or German as their language and substitute a different group of courses in these disciplines.

**Major = 33 credits** in approved European Studies courses, but no more than 12 credits from any one discipline

Only 15 transfer credits may be applied toward the major

All seniors must complete a senior project for at least 3 credits at the 200-level.

12 credits from the approved list of European Culture and Thought courses to include 6 credits at the 100-level or higher

12 credits from the approved list of European History and Society courses to include 6 credits at the 100-level or higher

6 credits of a European language other than English at the 100-level or above.
