

BELKIN | Mini Surge/
USB Charger

User Manual

BZ103050-TVL

Introduction

Thank you for purchasing Belkin's Mini Surge/USB Charger. Each year, frequent natural and man-made power disturbances corrupt the power supplied to your electronics, both while traveling and in your home or office. This Mini Surge/USB Charger provides Belkin's legendary protection from power disturbances for its normal "outlet" style plugs, as well as the innovative powered USB ports. Please be sure to read through this User Manual and the included Quick Installation Guide carefully to ensure proper protection of your connected devices.

Product Features

- Surge protection for both AC outlets and powered USB ports
- Convenient connections for AC and USB-powered devices
- Efficient design
- Lifetime Warranty

Quick Installation Guide

Step 1:
Connect your equipment
Plug in your standard 2- or 3-prong
equipment into any AC outlet.

Example

Step 2:

Plug in your devices that can charge via USB (such as an MP3 player, cell phone, or digital camera). Included USB cable works with Motorola® phones and most other non-standard devices that cannot be charged with standard USB cables.

Example

Step 3:

Activate the Mini Surge/USB Charger
Plug the unit into the wall outlet.

Use indoors and in dry locations. Not for use with aquariums or other water-related products.

NOTE: Do not plug the unit into another surge protector or extension cords. The Belkin Mini Surge/USB Charger must be plugged directly into an AC power source.

Technical Specifications:

Continuous Duty Electrical Rating:

125V/15A/1875W

Maximum Energy Dissipation:

918 Joules • H-N: 306 Joules • H-G: 306 Joules • N-G: 306 Joules

Maximum Spike Current:

36,000A • H-N: 12,000A • H-G: 12,000A • H-G: 12,000A

UL Clamping Voltage (3-line): UL 1449 800V

EMI/RFI Noise Filtration: 150kHz-100MHz up to 40 dB

Powered USB Output: 5V/500mA each port
