

Square Nail Hops Farm Field Day

Fletcher Bach and Ian Birkett have been growing hops at [Square Nail Hops Farm](#) in Ferrisburgh, VT for two years. This year they were awarded a grant through the SARE Farmer Grant program to study fertility in an establishing hopyard. On July 8th they will lead us on a farm tour as well as discuss preliminary observations from their trial.

July 8th, 2011
4:00 pm – 6:00 pm
Square Nail Hops Farm
[528 Satterly Road](#)
Ferrisburgh, Vermont

Heather Darby and Rosalie Madden from UVM Extension will be on hand to discuss pests in the hopyard, highlighting powdery and downy mildew, insect pests, and control measures. *Discussions will also be held on hops processing and storage, as well as an informal meet-and-greet and a networking session with area brewers.*

Registration fee: \$15. Registration fee for Northeast Hop Alliance members: \$10

Cost of [NeHA](#) membership: \$40/farm.

Please RSVP by June 30th to UVM Extension at (802) 524-6501, or email rosalie.madden@uvm.edu or heather.darby@uvm.edu.

If you require accessibility accommodations to participate in this program, please let our office know by **June 30th so we may assist you. (802) 524-6501*

Directions from the north: From I-89 S, take exit 13 and merge onto I-189 S toward US-7/Shelburne. Take US-7 south toward Middlebury, and in ~17 miles, turn left onto Middlebrook Rd. In 0.7 miles, take your first right onto Satterly Rd. Destination is 0.7 miles down Satterly Rd. on the left.

Directions from the south: Head north on Rt. 7 from the intersection of 22A and Rt 7, go 0.3 miles and take a right onto Satterly Rd. Destination is on the right in 0.7 miles.
