<u>DATE SAMPLED</u>	<u>SAMPLE ID (Variety)</u>	<u>LAB ID (to be filled out in lab)</u>

(Use additional forms as needed.)

Analysis Requested <i>(Only one available at this time)</i>	Cost per Sample (USD)
<u>Brewing Values (BV's)</u>	
Determines Alpha acids, Beta acids and Hop Storage Index (HSI). We follow the ASBC Hops-6a methodology to ensure accuracy for all values.	\$30.00
Total number of samples _____ x \$30 each	\$

1. We require 100g (3.53 oz) of dried hops (at 8-10% moisture) for Brewing Values. Samples over 8-10% moisture will not be analyzed.
2. Turnaround time is 7 to 10 business days.
3. Dried hops should be frozen and/or packaged (ziploc or vacuum sealed) to avoid oxidation and shipped overnight if possible.
4. Any requests submitted after business hours, which are 8am to 4:30pm, or on Saturday or Sunday, will be processed the following business day. Do not ship samples on Friday as their quality will decrease over the weekend.
5. Please make checks payable to *UVM or University of Vermont* **and send along** with Submission Form.
6. Please write **HOPS** on outside of package for identification.

Remember, your results will only be as good as the sample submitted. **Questions?** Please contact Erica Cummings at erica.cummings@uvm.edu or Heather Darby at heather.darby@uvm.edu or by calling (802) 524-6501.
