LEAD stands for Leaders Emerging and Developing and is a series of different programs to learn and practice leadership skills throughout the year. Leader Ship is designed to build leadership skills through learning how to sail and is open to all youth ages 11-18 (as of January 1, 2017).

Creating Leaders and Developing Life Skills
In this program, participants learn to put differences aside and work together to realize their dreams—big and small. Leader Ship provides youth with healthy challenges to help define their voice and image. Using experiential learning, mentoring, collaboration and goal setting, this innovative sailing-based program supports participants in developing the skills critical to a lifetime of success.

Leader Ship participants will learn to sail, to enjoy the lake, and to work as a crew during the program’s four sessions on July 18, 20, 25 and 27, 2017 from 9 a.m. to 12 noon. Limit 14 participants.
