Sheep Camp 2017

Addison County Fair & Field Days Grounds
1790 Field Days Road, New Haven, VT 05472

June 23-25, 2017

Camp is open to any youth 8-18 (as of January 1, 2017) who want to learn more about sheep including management, handling, characteristics and breeds, general healthcare, fitting and showing, judging, nutrition, and much more. This will be both an educational and fun weekend. All adult participants will assist with the program in some way during camp. Activities will begin with registration on Friday, June 23, from 4:00 to 6:00 p.m., and end with a fun sheep show that will begin at 11:00 a.m. on Sunday, June 25.

Fun Time!
The camp activities give youth a chance to meet new people who share their interests. There are workshops and activities during the day and a fun group event on Saturday evening for all campers.

Camp Fee
The $40.00 fee covers meals, instruction and instructional materials, facilities and a t-shirt. Parents and volunteers are encouraged to attend for the same fee of $40.00. Each youth must have an adult chaperone on hand for the duration of the camp. A chaperone may be responsible for multiple youths, but that leader or parent/guardian must register for the entire weekend. If you are coming as a visitor and wish to join us for a meal, please pre-register and pre-pay the fee of $5.00 per meal. This allows us to plan food quantities and helps pay for your meal. You can contact your County 4-H Educator for availability of scholarships from your local 4-H Foundation. Bring a tent! There is no housing at this site. Participants “camp” in one of the designated buildings or may pitch a tent in a designated area. Participants are responsible for bringing their own sleeping bag/bedding. A complete list of items to bring will be sent once your registrations and full payment have been received. To request a disability-related accommodation to participate in this program, please contact Wendy Sorrell at 802-651-8343 ext. 513 or 1-800-571-0668 by May 2, 2017 so we may assist you.

Sheep Health Requirements
Each member must have one sheep to work with at camp, as if preparing for a fair or show. You may bring your own or arrange to borrow one. All sheep must meet health regulations. All animals must be checked before unloading. Sheep 4 months or older must have received a rabies shot at least 30 days prior to camp. Proof of vaccination and a health certificate from your veterinarian are required. Every animal must have a Scrapie tag and be in good health. All animals and health certificates will be checked by a camp official upon arrival. If a sheep is lacking a health certificate or is found to be unhealthy or is transported with any infectious condition, it will not be admitted.

Directions
From the north: Route 7 south, in New Haven Jct. take 17 west (right turn), travel about 3 miles, you will see the fairgrounds on your left. From the south: Route 7 north, in New Haven Jct. take 17 west (left turn) travel about 3 miles, you will see the fairgrounds on your left.

UVM Extension helps individuals and communities put research-based knowledge to work.
