Join the TRY Science Café Leadership Team!

Open to all 9-12 grade students! Apply by October 1st!!

What is a Teen Science Café?
- A free, fun way for teens to explore science and technology.
- Teens participate in lively discussions and activities with local scientists and engineers.
- And, there is always free food!

What does the Leadership Team Do?
- Contribute ideas about café topics to explore.
- Recruit friends and classmates to attend cafés.
- Direct ideas about food and marketing.
- Run the Science Café with the help of an adult advisor.
- Attend meetings to plan and organize the cafés.

What are the benefits of joining the Leadership team?
- Gain leadership and transferable skills through real-world experience.
- Build your resumé for work, scholarships, and college applications.
- Run a program by teens for teens.

Let’s Talk!
- Want to explore your curiosity about science?
- Want to take a leadership role in creating teen science cafés for other teens?
- Do you live in or are able to travel to Burlington for meetings and cafés?

If you answered “yes” to these questions, then you should apply!

Email Lauren.Traister@uvm.edu for an application today!

Our first meeting will be Saturday, October 14 from 10 am – 2 pm at the University of Vermont. Pizza will be provided!

TRY Science Café is hosted by the University of Vermont Extension 4-H program.
Position Title: TRY Science Café Leadership Team Member

Purpose: To give teens the opportunity to gain leadership and transferable skills through real-world experience designing and organizing teen science cafés for their peers; to help increase awareness and knowledge of different science careers in Vermont.

What is a Teen Science Café?
Teen Science Cafés are informal, interactive programs that promote exploration, curiosity and life-long learning about current and cutting-edge ideas in science and technology. Teens engage in lively discussion and hands on learning with experts. The programs are free to all and organized by teens for teens.

What is so great about a Teen Science Café program?
Teens say their Teen Science Café programs are interesting and fun, but these events also provide teens with a much more realistic view of the nature of science, the work scientists do, and the relevance of science to their lives. They enrich and bring a real-world perspective to the science teens learn in school.

What are the expectations and responsibilities of the Leadership Team?
Leadership team members play a key role in designing the café experience. You decide what the venue should look like, which topics sound interesting, and how events should be run. You help prepare, set up, facilitate, and break down café events. Specific duties vary but may include advertising, using a budget to select food and decorations, introducing the speaker, helping to facilitate activities, and providing closing statements. Teens don't just participate in a café, but own it!

Some basic expectations include:
• Attend monthly organizational meetings. These will take place in Burlington.
• Work as a team to organize, promote, and host TRY Science Cafés.
• Communicate regularly via email or text with the Leadership Team and adult advisor.
• Advertise TRY Science Café events in your school and community.
• Recruit friends and classmates to participate in the cafés.
• Raise awareness of the program in your school and community.
• Contribute your ideas to the program.
• Follow through on all commitments.
• Be a positive role model for others.

Benefits:
• Gain leadership and transferable skills through real-world experience.
• Build your resumé for work, scholarships, and college applications.
• Interact closely with scientists and their work in an informal, fun way.
• Run a program by teens for teens.
Leadership Team Application

** Due no later than October 1, 2017 **

TRY Science Café is a free, fun way for teens to explore science and technology. Teens will participate in lively discussions and activities with scientists. The Leadership Team contributes ideas on science topics, recruits friends and classmates to attend cafés, and helps organize and run each café. Leadership Team members are required to attend all team meetings and cafés.
