

- **Focus on significantly growing organizations may be distracting and causing less emphasis to be placed on quality;**
- **Youth programs must address quality of existing programs, not necessarily add new programs;**
- **Transdisciplinary work is important in youth development;**

National Learning Priorities

- **We must change the language we use, especially in higher education!**
- **Must get away from doing things for the vita! We do things to enhance and strengthen our programs and the impact on young people.**

National Learning Priorities
