Background

This guide is to give you an overview of the creation and initiation of ePAR’s in UVM PeopleSoft HCM. The fields, some required, are reviewed in this manual as they pertain to the Document Collection. There are specific details included in each Document that provide direction that may be pertinent to the type of employee that the action is for, such as a graduate student, faculty or staff.

Hire/Additional Job

This ePAR is used to hire an existing employee or non-paid faculty that already have a UVM employee ID number into an additional assignment. NOTE: All required fields are noted with an * asterisk within the ePAR.

Step 1: Log in and Search

a) Log in to PeopleSoft using the Human Resources Login www.uvm.edu/~erp/portal

b) Navigation: UVM ePARs>ePAR Collection and select the Hire ePAR action. Select Add.
c) You may search by Employee ID #, SSN or first and last name. The preferred method of search is by Social Security Number or Employee ID#. If those are not available you may search by first and last name. The individual will be retrieved as per the screen shot on next page. Check the box next to Additional Job and select Next.
Step 2: Create UVM Hire Request

Fields open for editing, required or otherwise, are highlighted.

**Note 2-1:** This field is used to indicate Staff and Faculty who work a less than 12 month schedule, it is not used for grad students. For grad students, mark ‘No’. See additional Contract Page on page 14 for further direction, you will be directed to this page after the Compensation page.

When you are finished press Next to proceed to Step 3.
Step 3: ePAR Hire-Personal Information

Fields open for editing, required or otherwise, are highlighted.

**Note 3-1**: You will be presented with the Current Value for both Business and Check Address. These addresses should represent the employee’s primary paid assignment. Proper formatting of Business and Check address is Department on the first line and Building and Room # on the second. For on campus addresses no City, State and Zip is needed. Check address will auto populate when Business Address is entered. Unless the
employee works off campus the Check Address should be an on campus location and will most often match the Business Address.

When you are finished press Next to proceed to Step 4.

Step 4: ePAR Hire-Job Information

Fields open for editing, required or otherwise, are highlighted.

Note 4-1: Either enter the position number if known or select the magnifying glass associated with position. Once open enter the department number associated with this job. All positions within this department will be displayed. Select the appropriate one and
all fields EXCEPT Job Indicator, Expected Job End Date, Officer Code and Empl Class will auto populate. Make any necessary corrections to the auto populated fields. IF you are hiring a non-paid without a position number, you will need to populate required fields manually.

*Note 4-2:* This field is for Graduate Students Only. For a less than 12 month grad this field must be filled out since a term row will be entered into People Soft for them. If the Grad is 12 month please indicate a future term date by entering it here. If left blank for a 12 month grad NO term date will be entered. A new ePAR will need to be submitted when the 12 month grad should be terminated.

*Note 4-3:* Employee Class Definitions are on page 15. If this is a Faculty hire, information regarding the special Faculty Services page can be found on page 13.

*Note 4-4:* Officer Code is detailed on the Offer/Appointment Letter.
When you are finished press Next to proceed to Step 5.
Step 5: ePAR Hire-Employment, Time & Labor

Fields open for editing, required or otherwise, are highlighted.

When you are finished press Next to proceed to Step 6.
Step 6: ePAR Hire-Compensation

Fields open for editing, required or otherwise, are highlighted.

- Note 6-1: This field is used for Grad student paperwork only. Enter the actual salary the grad will received for the term in which they are working.

- Note 6-2: NAANNL is for salaried employees and NAHRLY is used for hourly Kronos employees. This field should be blank if hiring a non-paid faculty.

- Note 6-3: Enter annual compensation for salaried. If working less than 12 months this should be the compensation for the 9, 10 or 11 appointment. If working hourly it will be their hourly rate. If a non-paid faculty then leave it blank.

When you are finished press Next to proceed to Step 7.
Step 7: ePAR Hire-Department Budget

Fields open for editing, required or otherwise, are highlighted.

- Search by either Department or Project to retrieve the correct combo code. Kronos employees should enter Department 00001 and Combo Code Kronos_fscm1.

- You may enter any number of combo codes and appropriate distribution %'s, however they can only be for the effective date of the hire. Subsequent distribution changes should be submitted electronically to retro after the employee has been hired into People Soft.
At this time your ePAR is ready for processing. You may use the Collaborate button or attach documents to the ePAR at this time if you wish, once complete you may hit save.

You will then receive a message that the ePAR has been saved but not submitted.

Select OK to submit the ePAR to work Flow. It is also at this time that the ePAR has been assigned a number.

You will then receive the following Lifecycle Viewer so that you can review where in the Work Flow the ePAR is at.
Faculty Services Page

For hire/Additional Job the tenure data may be all that needs to be updated. The Tenure Data should reflect the faculty member’s primary appointment. You will be directed to this screen after the Job Information screen.
Create Contract Pay

Use the following screen to enter valid contract terms.

Please see Employee Class Definitions for allowable Contract Terms
