Names of Students Interested in your Program

(To be submitted with your proposal.)

_____

(Program Name)

NAME	CLASS/ YEAR	CAMPUS ADDRESS	E-MAIL

PLEASE NOTE

Placing a student's name on this list does not mean that the student is required to join this program - nor does it mean that the student is guaranteed a space in the program should it be accepted by the Selection Committee. It merely indicates that you have talked with the student about this program and the program's subject matter interests the student enough that the person would consider joining the program if it were offered by the Living/Learning Center.

HOWEVER…

Please do not list students that will not be eligible to live in your program just to fill lines in the table (e.g. graduating seniors, students moving off campus or transferring etc).
