Internal Medicine Hospitalist Service
University of Vermont Medical Center

HOSPITAL MEDICINE 2016
February 4-6, 2016
Stowe Hotel
Stowe, VT

With promotional support from

Buildings and structures are not wholly accessible for persons with mobility impairments.

**ACCOMMODATIONS**
A block of rooms has been reserved at the Stowe Lakefront & Conference Center in Stowe, Vermont. We recommend that you make your reservations early; a block of rooms will be held until 5:00 PM on January 10, 2016. Additional reservations are also available. Reservations must be made directly with the resort by calling 800-253-2232 or 802-253-7355. Rooms cannot be guaranteed after December 23, 2015.

**REGISTRATION AND CANCELLATION**
Tuition: Register by January 10, 2016, and pay tuition of $425 Physicians; $255 Nurses, Physician Assistants, and other health professionals; and $225 for residents and fellows. Registration is nonrefundable. A $75 administrative fee is subtracted from all refunds. Cancellations received in writing, with notice of cancellation received, in writing, by January 10, 2016, will receive a full refund. Cancellations received after January 10, 2016, will receive a full refund. Registration cancellations must be emailed to conference@medcenter.uvm.edu. All cancellations should be received by January 10, 2016. No refunds are possible after that date.

**EDUCATIONAL OBJECTIVES**
By the end of the event, participants should be able to:
- Know the appropriate treatment of new and recurrent C. difficile colitis
- Identify the mechanisms behind noninvasive positive pressure ventilation techniques and be able to evaluate a patient for appropriateness of use
- Introduce clinical point-of-care applications of bedside ultrasound
- Identify the mechanisms behind noninvasive positive pressure ventilation techniques and be able to evaluate a patient for appropriateness of use
- Introduce clinical point-of-care applications of bedside ultrasound
- Introduction to point-of-care ultrasound applications
- Identify the mechanisms behind noninvasive positive pressure ventilation techniques and be able to evaluate a patient for appropriateness of use

**WORKSHOP INFORMATION**
The Workshop will be held at The University of Vermont Medical Center Sim Lab Burlington, Vermont

February 4-6, 2016
Stowe Hotel
Stowe, VT

The hands-on Ultrasound Skills Workshop is designed to enhance learners application of bedside ultrasound techniques and improve procedural skills which incorporate bedside ultrasound. The course will provide didactic instruction and scanning experience of several organ systems in live models, and this year will also include procedure workshops. Each station will include introductory slides provided by experienced faculty, and a faculty to attendee ratio of 1:4 or less.
