Eligibility
Sophomore and junior undergraduate students are invited to apply to the UVM Summer Program on Complex Materials. Research awards include a $5000 summer stipend, housing and some funding for travel to UVM. Must be US citizen or permanent resident to participate.

Research Topics
- Organic photovoltaics
- Spintronics
- Ultracold atoms
- Graphene
- Superconductivity
- Biological Physics
- Nanoscience

Apply online:
uvm.edu/physics/reu/

Application Deadline
February 14, 2014

Program Dates
The UVM CM program runs nine weeks (June 2 - August 1, 2014) on the beautiful Burlington campus of the University of Vermont.
