Dear Graduates, Families, Friends, and Colleagues:

For the 205th time in the history of our institution, the University of Vermont community gathers today to celebrate the achievement of our graduates and send them forth from this beautiful campus on the hill in Burlington.

As the members of the Class of 2009 mark graduation, it is natural to reflect upon some of the shared experiences of your time as University of Vermont students. We have come together to hear from diverse and distinguished speakers such as Martin Luther King III, Elie Wiesel, Newt Gingrich, Jon Stewart, and Harry Belafonte. In March 2006, Ira Allen Chapel was filled to capacity when a young senator from Illinois named Barack Obama came to Vermont stumping for Sen. Bernie Sanders. We have cheered on Catamount athletes who have won America East championships in men's and women's basketball, and men's soccer; celebrated the success of members of our ski team who have notched individual NCAA championships; and just last month enjoyed hockey in April when the men's team closed the season with a run to the national semifinals at the Frozen Four. During your years at UVM, you have been part of a dramatically changed campus landscape. New construction at University Heights and extensive renovation elsewhere have transformed residential life. And, since its fall 2007 opening, the Davis Center has quickly become the hub of campus life.

While these shared experiences unite all of our students, it is the individual memories of inspiring professors, enlightening courses, and good friends that will be at the core of your lifelong memories of this place. Though our graduates leave the ranks of University of Vermont students today, they join the ranks of University of Vermont alumni, a rich, complex community stretching far beyond the borders of our campus.

Families and friends, thank you for the support and care you have provided the graduates throughout their time at the University. You share in their accomplishment and success. On behalf of all of my colleagues, please allow me to say that we feel deeply moved and privileged to share this moment of pride and achievement with you.

Howard Brush Dean III  
Doctor of Laws  
Commencement Speaker

Dr. Howard Dean served the State of Vermont as a six-term governor, 1991-2003, and was chair of the Democratic National Committee for the past four years. Dean took the national stage as a candidate during the 2004 presidential primaries, drawing wide voter interest with his strong stand against war in Iraq, and running a campaign that revolutionized presidential politics through its use of the Internet as a tool for building grassroots support and financial contributions.

Dean first moved to Vermont in the late 1970s for a medical residency at the UVM College of Medicine and Medical Center Hospital of Vermont. While Dean’s career path would soon also include politics, he maintained a part-time medical practice during his years as a state representative and lieutenant governor, and health care policy has remained a priority throughout his rise as a state and national leader.

A native of Long Island, New York, Dean earned his bachelor’s degree in political science from Yale University in 1971. He continued his education at the Albert Einstein College of Medicine, from which he earned his MD in 1978. Dean and his wife, Dr. Judith Steinberg, met during medical school, married in 1981, and established a family medical practice together in Shelburne, Vermont.

Dean’s initial foray into Vermont politics was inspired by grassroots work on a local development issue. Soon after, he was elected to the state House of Representatives in 1982. Four years later, Dean became Vermont’s lieutenant governor. When Governor Richard Snelling passed away in 1991, Dean became governor of Vermont and would be re-elected for five consecutive terms.

During his years as governor, Dean helped lead Vermont out of a recession and a $60 million deficit and into an era of balanced state budgets. He championed the effort to provide Vermont children and pregnant women with universal healthcare. And, in 1991, Governor Dean signed a bill granting gay and lesbian couples the right to civil unions, the first law of its kind in the nation.

Though Dean’s run for the Democratic presidential nomination in 2004 was not successful, the campaign vaulted him into a national leadership role for his party. As chair of the DNC, Dean spearheaded the “50 State Strategy,” which sought to put grass-roots political organizations on even ground in American politics. This move is widely credited with helping the Democratic party gain seats in the Senate and House and also with helping to elect the first African-American President of the United States.

Governor Dean currently works in the private sector, making public speaking engagements, and continuing his advocacy on health care policy issues.

Ben R. Forsyth  
Doctor of Science

Dr. Ben R. Forsyth has served the University of Vermont as professor of medicine, senior vice president, trustee, and advisor.

Forsyth grew up in New York City and graduated Phi Beta Kappa from Cornell University in 1953. He completed his medical training at New York University in 1957 and began a distinguished career as a clinician, surgeon and researcher exploring the treatments and biology of infectious diseases. Following a residency at Yale, he joined the Harvard Medical School as a research fellow. In 1961, he was selected as a research medical officer for the US Navy and later became senior surgeon in a respiratory virus unit of the US Public Health Service.

He joined UVM’s College of Medicine in 1966 as associate professor of medicine and director of the infectious disease unit. With dozens of research publications on topics ranging from pneumonia in military personnel to influenza vaccines in children, and praised for his skill in teaching medical students and caring for patients, he was promoted to full professor in 1971. He became professor of medicine emeritus in 1990.

In addition to his outstanding contributions to medicine, Forsyth has proved an invaluable administrator and mentor, including service from 1985 to 1990 as second-in-command to then UVM President Lattie Coor. Forsyth’s administrative leadership at UVM included posts as associate dean for the division of health sciences, acting vice president for development and alumni affairs, vice president for administration, and senior vice president. In all these roles, he demonstrated a sensitive and able hand in matters ranging from finances to personnel to government relations.

In 1990, Forsyth followed Coor to Arizona State University where he would serve as senior executive assistant and then provost and vice president. At ASU, he was professor in the School of Health Administration and Policy.

His heart always in Vermont, Forsyth’s service to UVM continued when he joined the university’s board of trustees from 1996 to 2002. He also served on the board of directors for the United Way of Chittenden County for seventeen years. A skilled negotiator and kind friend, his work behind the scenes has brought clarity and consensus to many challenging moments.

“Some of the same skills that are used being a good physician make you a good administrator,” Forsyth told the Burlington Free Press, “You listen to people, find out what the problems are and remedy them.”
Anthony J. Marro
Doctor of Humane Letters

Anthony J. Marro, UVM Class of 1965, is an award-winning reporter and longtime editor of Newsday, one of the nation's largest newspapers. His long career in journalism began at Marro's hometown Rutland Herald, where he worked on the sports desk during his high school years. As a reporter for The New York Times and Newsweek during the Watergate years, Marro covered some of the era's biggest stories from his Justice Department beat. Across decades at Newsday, Marro was a dogged reporter on investigative teams that won Pulitzers for Public Service Reporting in 1970 and 1974. He moved into the managing editor's role in 1981 and six years later rose to editor, a post he held until his retirement in 2003. Newsday earned a dozen Pulitzer Prizes under Anthony Marro's leadership.

During his years in Vermont journalism, Marro made a difference with stories such as a series of articles in the 1960s that would later prompt state leaders to create the first anti-billboard law. After moving to New York City and earning his master's in journalism at Columbia University, Marro quickly made his way on a larger stage. A reporter during a golden era for American investigative journalism, he learned much about his craft from Bob Greene, longtime head of Newsday's investigative unit. As part of "The Greene Team," Marro's reporting contributed to Newsday's public service Pulitzers for stories on Long Island land scandals and heroin trafficking.

Every breakthrough was built upon days of chasing details and the inevitable dead-ends. Covering the aftermath of Sen. Edward Kennedy's accident at Chappaquiddick, Marro jumped off the bridge and into the channel himself to test the flow of the current. "It was not a great moment in investigative reporting," he qualifies, yet the moment illustrates the intense "need to know" that drove all his work. Colleague Les Payne said that Marro's inherent curiosity and a measure of nerve made him a great reporter, "he asked questions no one else dared ask."

When Marro moved up in the Newsday hierarchy, he was known as "a reporter's editor" who gave his editorial team the space to excel. He was a listener, a moderator, a steady hand able to balance the multiple demands of business strategy, editorial, advertising, production, and circulation.

In retirement, Marro and his wife, Jackie (Cleary) Marro '66, live in Scituate, Rhode Island and Bennington, Vermont.

Gretchen B. Morse
Doctor of Laws

Gretchen B. Morse, UVM Class of 1975, has spent 30 years in public service initiating and implementing policies that improve the health and well-being of Vermonters. As executive director of the United Way of Chittenden County for the past 18 years, Secretary of the Vermont Agency of Human Services from 1985 to 1991, and Vermont State Representative from 1977 to 1985, Morse has advocated for equal rights and opportunity for all.

While serving in the Vermont Legislature, Morse chaired the House Education Committee from 1980 to 1982 and the House Health and Welfare Committee from 1982 to 1984. As Secretary of Human Services, the largest agency in state government, Morse led the development of the Reach-Up Program, a welfare-to-work initiative that coordinates access to education, job training, childcare and health care for working families. She was part of Governor Madeleine Kunin's team that created "Dr. Dynasaur," the Vermont version of the federal Medicaid children's health care program that has become a national best practice for covering more children in low-income families. While Secretary, Morse was elected vice-chair of the National Council of State Human Service Administrators of the American Public Welfare Association from 1990 to 1991.

Throughout her career, Morse helped strengthen state partnerships with community-based programs to provide better service and to reduce the use of costly institutional care. Court diversion and house arrest, development of the state community mental health system, expansion of home health care, and independent living services for people with disabilities all benefited from her leadership.

Morse has received numerous community services awards: Susan B. Anthony Award from the YWCA; Dr. Martin Luther King Jr. Award; Thibodeau/Wall Award for Community Service from the Howard Center; Champlain College Distinguished Citizen Award; and, the 2008 C. Harry Behney Lifetime Economic Achievement Award from the Greater Burlington Industrial Corporation. In 1983 Morse received the Distinguished Service Award from UVM's College of Education and Social Services for her service to the people of Vermont; and, in 1998 was honored by UVM's MPA program as an honorary member of the Pi Alpha Alpha for her service to the state of Vermont.

Morse has served on a number of state commissions and non-profit boards. She is currently a member of the boards of the Lake Champlain Regional Chamber of Commerce, the Vermont Health Foundation and Emeritus Board Member of Vermont's only continuing care community, Wake Robin Corporation.
William Pickens III
Doctor of Laws

William Pickens III is the founder and president of Bill Pickens Associates, Inc., an international consulting and executive search firm he founded in 1979. He is also the founding president and chief executive officer of the Paul Robeson Foundation, established in 1996 and dedicated to preserving the legacy of the legendary actor, singer, and social activist.

A 1958 graduate of the University of Vermont, Pickens spent the next three years as a First Lieutenant in the Air Force in Japan where he became fluent in Japanese — a skill that served him well later in life as a founding trustee and secretary of the United States-Japan Foundation. He earned his master's degree from New York University in 1967 and went on to build a successful career in business while simultaneously dedica

He began his business career in the Bell System, where he rose to the position of department chief before moving on to become an associate with the worldwide consulting firm Booz, Allen & Hamilton. As vice president at Marine Midland Bank, he had an opportunity to further broaden his international world view through travel to Japan, South Africa, Morocco, and England. He next became director of personnel for Phillip Morris before founding his own firm in 1979.

Pickens has devoted much of his life in service to the public good. He has for many years been a member of the Board of Directors of Boys and Girls Harbor, an organization committed to empowering children and their families in and around New York City to become full, productive participants in society through education, cultural enrichment, and social services. He has also served as a president's associate for Duke University, trustee of the Studio Museum of Harlem, fundraiser for the Bay Street Theater, co-founder of the Council of Concerned Black Executives, trustee emeritus of the National Center for Black Philanthropy, Inc., and a member of the UVM Alumni Association's New York Regional Board. As vice president for the National Committee on American Foreign Policy, Pickens led peacekeeping missions to South Africa in 1992 and to Northern Ireland in 1999.

Pickens's grandfather, William Pickens Sr., the son of former slaves, graduated from Yale University in 1904 and was a co-founder of the NAACP in 1909. William Pickens III is a lifetime member of the NAACP and a former director of its Executive Committee.

ACADEMIC REGALIA

The Academic Costume worn today in U.S. colleges and universities is a survivor of the Middle Ages. The University of Vermont was among the first in this country to experiment with the use of academic gowns, requiring their wearing at the graduation of 1806. The experiment was not repeated until mid-century when UVM and other colleges began wholeheartedly to use the medieval scholar's clothing for ceremonial occasions.

The code regulating academic costume is administered by an intercollegiate commission that establishes uniform standards. BACHELORS' gowns have closed fronts and long, pointed sleeves. MASTERS' gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. DOCTORS' gowns may be open or closed and have velvet facings and three velvet bars on the round, open sleeves. The facings and bars may be of black or of the official colors of the wearer's department of learning.

Hoods are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. A University of Vermont hood is lined with green, with a gold chevron, the official school colors. The color of the hood border indicates the degree earned.

The Black Mortarboard is worn for all degrees. Only Doctors' caps may be made of velvet and only Doctors or Presidents of institutions may wear a gold tassel on the cap.

The Class of 1927 Memorial Mace is carried by the University Marshal at formal university occasions and is displayed on the platform during these ceremonies.

The Mace, a gift from the Class of 1927, is forty-seven inches long, cast bronze, plated in silver, with a black ebony handle. The sculpture on one of the four sides depicts the center section of Old Mill with Mt. Mansfield in the background, symbolizing the founding of the University. Other sides display three students reaching upwards to a lamp, symbolic of learning; the Ira Allen Chapel, symbolizing spiritual guidance; and a group of four persons, symbolizing friendship. It is crowned by the seal of the University.

The Mace was designed and the model sculpted by Richard Simpson, son of Carl G. and Doris Griffith Simpson, both members of the Class of 1927.

The University Seal or Medallion was adopted in 1807 and used until 1871 when it was replaced by a round seal incorporating the name of the College of Agriculture. In 1975 the Board of Trustees voted to restore the original seal to official use, modified to incorporate the Latin name of the College of Agriculture.

The motto on the seal is from Horace, Epistles 1.2.36. Literally, it means “For virtuous studies and matters.” In the allusion to Horace's poem it reflects UVM's continuing belief in the utility and practicality of all liberal studies.
Universitas V. Montis

Tune: Jane Oppenlander
Text: David Cox

1. From the lofty peaks of Mansfield to the shores of Lake Champlain,
   comes a mighty swelling chorus, whose echo will remain:
   Vermont! Vermont! Vermont! our University! Thy
   loyal sons and daughters sing in love and praise to Thee!

Gaudeamus igitur

Traditional University Song
Second Verse by Z. Philip Ambrose, Professor of Classics

1. Let's rejoice therefore while we are young; after pleasant youth,
   After troublesome old age, the ground shall have us.
2. Let Vermont now live, as once lived the Romans!
   Let the language of Caesar live, let that of Socrates live, o Vermonters!
