Dear Graduates, Faculty, Families, and Friends,

It is my pleasure to welcome you to the 213th Commencement at the University of Vermont! Thank you for participating in the tradition of convening the University community to honor our graduates that was established over two centuries ago at this institution.

The Class of 2014 is a truly accomplished group of graduates that has shaped this University with their vision, their leadership, and their very hard work. Today we celebrate their achievements with pride. Among these distinguished graduates are volunteers, mentors, activists, national award winners, artists, designers, and researchers, and each of them are scholars in their respective fields.

Graduates, you are vital members of our UVM family, and today you join a network of over 100,000 UVM alumni across the world. We hope that you will return home to this campus often and remain active in the life of the University as you progress through your careers. We look forward to news of your continued accomplishments.

Many thanks to all of the friends and family, who supported and encouraged these graduates throughout their time here at UVM. We are grateful to you for fostering the high aspirations and true grit that helped these graduate complete their degrees and made this joyful celebration possible.

Congratulations and every best wish!

SPEAKER AND DEGREES
HONORIS CAUSA

Samantha Power
Doctor of Laws
Commencement Speaker

Samantha Power is the U.S. Ambassador to the United Nations and a member of President Obama’s Cabinet. A journalist, an academic, and one of the foremost voices in U.S. foreign policy, she is known for her outspokenness, her intellect, and her passion. At the United Nations, Ambassador Power works to advance U.S. interests, promote and defend universal values, and address pressing challenges to global peace, security, and prosperity. She is the youngest person ever to hold the post. From 2005 to 2006, she worked as a foreign policy fellow in Senator Barack Obama’s office. She served as an advisor to President Obama as Senior Director for Multilateral Affairs and Human Rights from January 2009 until February 2013. In April 2012, Ambassador Power became the first chair of the U.S. Atrocities Prevention Board, newly established by President Obama. Her influence continues to grow as she inspires the next generation of leaders in human rights.

Ambassador Power is the youngest Ambassador to the United Nations and a member of the President’s Cabinet. In her first few months in office, Ambassador Power has brought attention to such issues as the reform of the UN; the promotion of women’s rights and LGBT rights; the promotion of religious freedom and the protection of religious minorities; the protection of refugees; and the promotion of human rights and democracy, including in the Middle East and North Africa, Sudan, and Burma. She is considered to be a key figure within the Obama administration in persuading the President to intervene militarily in Libya.

Before joining the U.S. government, Ambassador Power enjoyed success in two careers: after working as an accomplished journalist, she studied law and went on to become a distinguished academic. She began her career as a journalist immediately after graduating with a B.A. from Yale University. She covered the Yugoslav Wars, living in Sarajevo’s infamously bombed-out Holiday Inn, from 1993 to 1996 for U.S. News and World Report, The Boston Globe, and The Economist. She was also one of the first journalists to chronicle the genocide in Sudan. On an assignment for The New Yorker, she visited refugee camps in Chad and rebel-held areas in Darfur to interview survivors and witness the villages that had been destroyed. She has reported from places such as Bosnia, East Timor, Kosovo, Rwanda, Sudan, and Zimbabwe, and contributed regularly to The Atlantic Monthly, The New Republic, and the New York Review of Books.

Deeply affected by the atrocities she witnessed and chronicled as a journalist, Ambassador Power was inspired to study international law and took a J.D. from Harvard Law School. She became a scholar of U.S. foreign policy, especially as it relates to human rights and genocide. From 1998 to 2002 Ambassador Power served as the Founding Executive Director of the Carr Center for Human Rights Policy at Harvard University’s Kennedy School of Government, where she later served as the Anna Lindh Professor of Practice of Global Leadership and Public Policy. She taught courses on U.S. foreign policy, human rights, and UN reform.

Ambassador Power is the Pulitzer Prize-winning author of “A Problem from Hell”: America and the Age of Genocide (2002). This historical study of U.S. foreign policy expertly documents American passivity since World War I from the massacre of the Armenians in 1915 to the slaughter of the Tutsi in 1994. Additionally, she published over 30 articles and Chasing the Flame: Sergio Vieira de Mello and the Fight to Save the World (2008), the basis for the award-winning HBO documentary, “Sergio.” She is also the recent co-editor of The Unquiet American: Richard Holbrooke in the World (2011).

Jonathan David Jansen
Doctor of Letters

Jonathan Jansen is a leading public intellectual in South Africa renowned for his passionate dedication to education, social justice, and the process of reconciliation. As Vice-Chancellor of the University of the Free State (UFS), his leadership and his pioneering work is creating unity in the diverse academic community and transforming the atmosphere on campus. He is President of the South African Institute of Race Relations and Patron of Muslim and Jewish Foundations. He serves as a national and international consultant and as the former Vice-President of the South African Academy of Science, leading major studies on behalf of the academy including one on the Future of the Humanities. In addition, he chaired ministerial committees in South Africa on education, school change, and school evaluation. His most recent book, Knowledge in the Blood, received an outstanding book recognition award from the American Educational Research Association. As an international expert, a leader in higher education, a scholar, and a teacher, Professor Jansen works to inspire and educate the next generation of global leaders.

The University of Vermont has also benefited from the transformative impact of Professor Jansen’s work. At UFS, he established the Leadership for Change Programme, which offers...
first-year students the opportunity to visit top universities throughout the world and to engage in discussions about race and gender. UVM welcomed the delegation from UFS as part of the Programme and participated in Professor Jansen’s global efforts in 2012. The visit was life-changing for students from both institutions, and the Programme continues to inspire students to become leaders on the UFS campus. Professor Jansen also welcomed UVM’s Rob Gordon, Professor of Anthropology, and John Sama, Director of the Living/ Learning Center and Residential Learning Communities, with more than 100 colleagues and students from around the world to the Global Leadership Summit on the campuses of USF in July 2012. This summit gave educators and students from around the world the opportunity to exchange ideas about leadership social justice, diversity, citizenship, race, agency and reconciliation.

Professor Jansen began his career as a high school biology teacher. He earned his undergraduate degree at the University of the Western Cape (B.Sc.) and his teaching credentials at the University of South Africa before traveling to the U.S. for postgraduate studies. He completed his MSc at Cornell University and his PhD at Stanford University. He is a former Fulbright Scholar to Stanford University (2007-2008), former Dean of Education at the University of Pretoria (2001-2007). He received an Honorary Doctor of Education degree from the University of Edinburgh and an honorary doctorate in Education from the Cleveland State University. He was also elected as a Fellow of the Academy of Science of the Developing World.

On a daily basis, Professor Jansen works at every level to advance education and social justice. In his role as a public leader in South Africa, he is known for his outspoken and articulate critiques of injustice. In addition to his scholarly publications, he regularly publishes opinion pieces in prominent journals, magazines, and websites. While he serves as a leader and an expert in the highest levels of academic and world government, he continues to work in his first leadership role as a teacher. He participates in the teaching of a compulsory first-year course at UFS designed to build citizenship knowledge and skills, and he also volunteers early in the morning to teach at a local township school.

Irwin H. Krakoff
Doctor of Science

Irwin Krakoff is a world-class cancer researcher, physician, educator, and leader. He pioneered the field of chemotherapy, established safe methods for the testing of new and often toxic agents, and championed diverse studies to better understand the role of chemotherapy in the treatment of cancer. His protocols contributed significantly to enhancing the effectiveness of treatment for leukemia, lymphoma, and other cancers, and his authoritative books on chemotherapy are standards in the field of oncology. He came to the University of Vermont in 1976 as the founding director of the Vermont Cancer Center, where he built a highly successful center that continues to serve our region with cutting-edge cancer treatment, research, and education. He earned the Alfred P. Sloan Award for Cancer Research in 1965 and the David A. Karnofsky Memorial Award, the highest honor of the American Society of Clinical Oncology, in 1993. Over the last six decades, his contributions to cancer research have inspired two generations of scientists, impacted countless students and colleagues, and changed the lives of thousands in Vermont, across the nation, and around the world.

Dr. Krakoff began his medical career at The Ohio State University where he completed medical school in 1947. After an internship and residencies in Cleveland and Boston and a period in the US Navy, he joined the pioneering cancer chemotherapy research team at Memorial-Sloan Kettering in 1953. He became Chief of the Medical Oncology Service of Memorial Hospital and Chief of the Division of Chemotherapy of the Sloan-Kettering Institute, New York, New York in 1970. In 1976, he was recruited to become the Director of the newly formed Vermont Cancer Center at UVM. He left Vermont in 1983 to become the Head of the Division of Medicine at M.D. Anderson Cancer Center at the University of Texas, retiring in 1993. He continues to provide valuable guidance and advice in navigating the future of the Vermont Cancer Center.

At the Vermont Cancer Center, his collaborative approach to scientific inquiry created a truly translational research core, with investigators from several departments and disciplines collaborating on bench-to-bedside drug development projects. Under his leadership, the Vermont Cancer Center became a regional resource for cancer patients and their families and a model for coordination of care between oncologists and local physicians. Dr. Krakoff’s vision and commitment were instrumental in securing comprehensive cancer center designation and core grant funding from the National Cancer Institute, as well as philanthropic support from the Lake Champlain Cancer Research Organization that continues to this day.

In his role as director of three major oncology programs, Dr. Krakoff not only helped to establish the foundation of new science, but also dedicated himself to the training of the second
and third generation clinical investigators who continue to advance drug therapy. Medical oncologists today approach the care of cancer patients with methods derived in large part from the achievements of Dr. Krakoff and the research teams of which he was a part. Dr. Krakoff's legacy as an educator continues to have an impact through the Irwin H. Krakoff, M.D., Endowed Green & Gold Professorship at UVM. The professorship was established in 2006 through a lead gift from the Lake Champlain Cancer Research Organization and the generous support of Dr. Krakoff's family members, friends, colleagues and former trainees around the nation.

Robert Larner
Doctor of Science

Robert Larner, UVM class of '39, MD '42, has long been one of the University of Vermont's most dedicated and generous alumni. Over the last three decades, he and his wife Helen have served as philanthropic leaders for the University and their gifts have had a transformational impact on the UVM College of Medicine. In 1985 they established the Larner Endowment and Student Loan Fund to assist medical students in need at UVM in perpetuity and to encourage others to give to the College. They have continued giving to the fund every year and their generosity has inspired a network of donors including past recipients, alumni, and friends. The Larners have also supported educational initiatives at the College and funded the purchase of cutting-edge teaching equipment. Last year, they committed $1 million to build an innovative Team-Based Learning Classroom in the Medical Education Center. The Larners also contributed $300,000 in 2012 to purchase five cardiopulmonary simulators for the UVM/Fletcher Allen Clinical Simulation Laboratory. Dr. Larner's generosity has significantly advanced UVM's educational mission and benefitted the State of Vermont.

Dr. Larner was born and raised in Burlington, Vermont. He earned his bachelor's of science from UVM in 1939. He went on to study medicine at UVM and graduated second in his class in 1942. At UVM, he was a co-founder of Phi Sigma Delta and participated on the debate team. He completed an internship at Maine Medical Center and then served for three years in the armed forces in Guadalcanal and Okinawa. After the service, he completed his residency at Johns Hopkins and went on to practice internal medicine with the Robert Larner Medical Group in Los Angeles. He enjoyed a 40-year career as an internal medicine physician. With his wife, he also had considerable success in real estate development in Los Angeles County. He retired in 1989.

Dr. Larner is a philanthropist with a vision. He established the Larner Loan Fund as part of his mission to create a culture of altruism at the College of Medicine with the idea that grateful recipients would give to the fund when they became successful in their own professional lives. Larner loans save debt-burdened medical students approximately half a million dollars per year compared to federal loans. The fund is an outstanding success; it has now supported over 1,100 academically strong students needing financial assistance. In addition to the Larner's yearly contributions, over 1,800 have donated to the fund since its inception and over 150 alumni contribute annually. The Larner Loan Fund, including a sizable endowment, presently has a value of over $8 million. Dr. Larner has also sponsored “The Larner Leadership Lectures” to bring speakers to address medical students about the variety of ways they can become leaders and philanthropists as they move forward in their careers.

In 1992, at his 50th Medical Reunion, Dr. Larner was honored with the A. Bradley Soule Award, the highest alumni award given by the College of Medicine. This past year, the University named the Medical Education Center at the College of Medicine for Dr. Larner and Helen Larner, for their long-term efforts to make medical education more affordable for a generation of students and for inspiring the support of more than 1,800 donors to the College. Dr. Larner's vision and his expansive generosity is now a central part of campus life for our medical students just as it is part of the College's legacy.

Crea Sopher Lintilhac
Doctor of Humane Letters

Crea Sopher Lintilhac, UVM class of '78, is a dedicated public servant, activist, and philanthropist known for her bold vision, her integrity, and her determination. As Director of the Lintilhac Foundation, she advocates for renewable energy, women's health and education, clean water, and social justice. In addition, she serves in a range of leadership roles at the University of Vermont and across the state. At UVM, she is a dedicated member of the Rubenstein School of Environment and Natural Resource's Board of Advisors, has served as a long-time advisor to the Vermont Water Resources and Lake Studies Center, and was a member of the 2002 UVM National Steering Committee for the UVM Comprehensive Campaign that successfully concluded in 2007. As a public servant, she sits on the boards of the Conservation Law Foundation, the Vermont Public Interest Research Group, and the Governor's Council for Energy and the Environment. She has been awarded an Honorary Doctor of Science degree from Middlebury College.
College in 1998, a Distinguished Service Award from the UVM Alumni Association in 2005, and a David Curtis Award from the Vermont Democratic Party in 2007.

She earned her master's of science at UVM in 1978 after completing her bachelor's of science at Skidmore in 1975. She pursued post-graduate studies and research at the Marine Science Institute in Connecticut, the Graduate School of Oceanography at the University of Rhode Island, and the Geophysics Department at the University of Edinburgh, Edinburgh, Scotland. In addition to working as a teacher in the Chittenden County South School District and a Senior Lab Technician at IBM, she served as a lecturer and an adjunct faculty member at UVM before becoming Director of Lintilhac Foundation in 1984. Lintilhac has enjoyed many ties to UVM over the years. Her husband Philip Lintilhac is a long-time professor of plant biology at UVM, her son Will graduated from UVM in 2010 with a B.S. in Natural Resources, her daughter Louise, a Middlebury graduate, is currently a graduate student in the Rubenstein School, and her son Paul graduated from Dartmouth College and is currently a graduate student at NYU.

Lintilhac’s work has had an enormous impact on the University. On the Rubenstein School’s Board of Advisors, she has chaired the board’s research committee since 1998 and is a current member of the executive committee. She helped to facilitate a large gift to support green building on campus, establish the lake studies program with the purchase of the research vessel, Melosira, in 1987, and a doctorate program in Natural Resources. She was instrumental in bringing the Gund Institute for Ecological Economics to UVM, completing the “Greening of Aiken” renovation, and nearly every phase of expanding UVM’s lake studies research over the past three decades. As Director of the Lintilhac Foundation, her generosity to UVM has benefitted generations of students, educators, and Vermonters. The foundation has committed nearly $5 million to scholarships, capital projects, and research. In the last campaign alone, the foundation made major gifts to Jeffords Hall and the Greening of Aiken as well as establishing a Lintilhac Challenge that inspired numerous alumni and friends of the institution to establish scholarship endowments at UVM.

As an advocate, an activist, and a public servant, Lintilhac is known for her hard work and determination to get things done at the State House in Montpelier. She is committed to the well-being of Vermonters and the preservation of our state’s natural resources. She promotes educational opportunities for students of all ages, women’s health, and the environment. She is a tenacious advocate for her causes and uses her scientific background and considerable expertise to explain the science and navigate the politics for change.

Robert B. Low
Doctor of Science

Bob Low has dedicated his long and distinguished career to the University of Vermont. He joined the UVM College of Medicine (COM) faculty in 1970, and for over four decades he has served the University faithfully as a respected professor, a highly productive scholar, and a valued leader. Over the years, he has responded to many pressing needs and taken on numerous leadership roles in service to his college and the University. Additionally, he has served on numerous university-wide, college and departmental committees. Most recently, he served as Interim Provost and Senior Vice President of UVM from December 21, 2012 to August 1, 2013. It was a familiar role for Dr. Low: he had previously served as Interim Provost and Senior Vice President of UVM from 1992 to 1994 and Provost and Senior Vice President of UVM from 1994 to 1996. His record of service as a leader at UVM demonstrates his consistent willingness to work hard for the strength and health of the University.

Dr. Low completed his bachelor's in Biology at Princeton University in 1963 and went on to earn his doctorate in Physiology from the University of Chicago. After completing a Postdoctoral Fellowship at the Massachusetts Institute of Technology in Biology from 1968 to 1970, he joined the UVM College of Medicine as an assistant professor in the Department of Physiology and Biophysics. He rose to Associate Professor in 1974 and Full Professor in 1979. In 2006, he was named Emeritus Professor of Molecular Physiology & Biophysics. Dr. Low has taught undergraduate, graduate, and medical students and continues to maintain an active teaching schedule, elucidating the hormonal regulation of metabolism. He is an esteemed faculty member in the Foundations training program at the COM’s Vermont Integrated Curriculum. In January 2013, he was given the Dean Warshaw Integration Award recognizing the faculty member whose teaching best captured the spirit of the COM’s Vermont Integrated Curriculum.

Dr. Low is an extraordinarily productive scholar and has over 100 publications to his credit. From 1976 to 1992, he acted as Director of the Vermont Pulmonary Specialized Center of Research. While holding multiple leadership positions, he has continued to make important contributions to his field. His tireless research at UVM earned him a reputation as an internationally renowned scholar. He brought his expertise overseas.
Commencement 2014

as Senior International Fogarty Fellow at the Department of Pathology at University of Geneva in Switzerland from 1979 to 1980 and again from 1997 to 1998. He has supported the University through his many international contacts such as through the establishment of a faculty exchange program with China Medical University. He has won multiple grants for his research at UVM from prestigious national organizations such as the National Institutes of Health, The American Lung Association, The American Heart Association, and the Muscular Dystrophy Association. Much of his research has focused on contractile proteins of muscle and non-muscle cells.

Understanding the importance of faculty leadership in University governance and planning, he has given generously of his time throughout his tenure at UVM. He served as Associate Dean for COM Research from 1984 to 1992 and as Interim Executive Dean of COM from 1991 to 1992. Additionally, he has served on many committees in COM and the broader University including the COM Planning Committee, the Faculty Standards Committee, and the Research Committee (as chairman). He was responsible for administrative oversight of both medical education and faculty affairs in the COM. He worked on strategic planning, research, grant reviews, improving the RPT “green sheet” process at both the College and University levels, and reviews of administrative personnel. As a faculty member, as a COM leader, and as a senior administrator, he has dedicated his career to the advancement of this University and the State of Vermont.

Richard E. Tarrant
Doctor of Humane Letters

Richard E. Tarrant is a visionary, philanthropist, business leader, and public servant, and his generosity has been long-standing and life-changing for many. Tarrant created three companies that anticipated future trends, and he has leveraged his success to benefit the University of Vermont and the State of Vermont. He was co-founder, President, and CEO of IDX Systems, which became a leader in healthcare software and systems and was sold to GE Healthcare in 2006. Additionally, he created Marathon Health, a health and wellness company, and Plasma Power, a renewable energy company. With his wife Deborah, he founded the Richard E. and Deborah L. Tarrant Foundation, one of the largest private foundations in Vermont. The Tarrant Foundation supported the funding of the Tarrant Institute for Innovative Education at UVM; the Institute partners with Vermont middle schools in the use of technology to more effectively engage students in their daily learning activities. Additionally, Tarrant has supported health care in Vermont as a philanthropist, advisor, and leader. In sum, Tarrant has demonstrated sustained commitment to service for the benefit of Vermont and his achievements have had a substantial impact on UVM.

Tarrant earned his B.A. in Mathematics at St. Michael’s College, where he was an All-American basketball player. In 1969, Tarrant and partner Robert Hoehl founded IDX Systems and built the South Burlington-based firm into one of the nation’s largest health care information technology providers. He is founder and chairman of Marathon Health, a Colchester-based business established in 2005 that offers high quality work site health care management and uses technology to engage patients. Tarrant is also chairman of Plasma Power, a renewable energy company, and sits on the boards of several other companies and nonprofit organizations.

Tarrant and his wife Deborah founded the Richard E. and Deborah L. Tarrant Foundation, which supports important developments for the University and K-12 education in Vermont. The foundation funded the Tarrant Institute for Innovative Education through a gift to the University’s College of Education and Social Services. The institute partners with educators from 13 Vermont middle schools throughout the state to improve education by using technology to more effectively engage students. Already the institute has reached more than 3,500 students. The institute provides online tools, administrative consultations, funding for research and technology innovations, professional development for teachers, workshops, and seminars. Much of Tarrant’s giving has been done in the name of others whom he believes deserve the recognition. For example, he gave the Richard and Mary Ann Gucciardi Recreation and Fitness Center in honor of long-time supporters of Vermont athletics and the Tom D. and Joan F. Trainer Clinical Laboratory in honor of an esteemed Professor of Pathology at the University.

Tarrant also gives generously of his time in service to health care in Vermont and UVM. He has served as a UVM Trustee and as a member of the UVM Parents Fund Committee. His three sons are all UVM alumni: Jerry Tarrant, ’89, Richard Tarrant, Jr., ’90, and Brian Tarrant, ’93. In addition to his philanthropic support of Fletcher Allen, he has given decades of service on the Board of Trustees for FAHC and University Health Center. He is also a founding director of Vermont Managed Care, a Physician Hospital Organization. Tarrant continues to devote his considerable energies and talents to the advancement of the University and the State.

Jacob Lahne, B.A. (Oberlin College) 2006; M.S. (University of Illinois) 2010; Silver Springs, MD
Dissertation: Tasting in Context: Consumer Sensory Perception of Vermont Artisan Cheese
Advisor: Dr. Amy B. Trubek

Gourong Wang, B.S. (China Agricultural University) 2005; M.S. (China Agricultural University) 2007; Lianhu China*
Dissertation: Modification of Whey Protein and its Applications in Environmentally Safe Paper Glues
Advisor: Dr. Mingrui Guo

Biology

Pedro Alvarez-Ortiz, B.S. (University of Puerto Rico at Humacao) 1990; M.S. (University of Puerto Rico at Mayaguez) 1994; Toa Baja, Puerto Rico
Dissertation: Expression and Function of Flightin and Glutactin: Two Taxonomic Restricted Proteins in Arthropods Important for Muscle Function
Advisor: Dr. Jim O. Vigoreaux

Suraj Chetan, B.S. (Kerala Agricultural University) 2002; M.S. (University of Alaska); Kerala, India
Dissertation: The Role of Estradiol in Modulation of Odor Responses and Voltage-Gated Conductances in Mouse Vomeronasal Sensor Neurons
Advisor: Dr. Rona J. Delay

Gretel Lies Clarke, B.S. (University of New Hampshire) 1997; M.S. (University of Massachusetts) 2006; Arlington, MA
Dissertation: Roles of Pollinators, Seed Predators, and Vertebrate Herbivores in Maintaining Females in the Gynodioecious Polygonum Foliosissimum
Advisor: Dr. Alison K. Brody

Luiz Fernando Fraccisi Gelin, B.S. (Sao Paulo State University) 2007; M.S. (Sao Paulo State University) 2009; Sao Paulo, Brazil
Dissertation: Phylogenetic Analysis of Three Genera of Swarming Neotropical Wasps (Hymenoptera, Vespidae, Polistinae)
Advisor: Dr. Sara Helms Cahan

David Eduardo Lucero, B.S. (The University of Vermont) 2008; Jamaica, Queens*
Dissertation: The Spatial Distribution of Chagas Disease Vectors in Latin America
Advisor: Dr. Lori Stevens

Cell and Molecular Biology

Rebecca A. Martin, B.S. (George Mason University) 2004; Atlanta, GA*
Dissertation: The Generation and Function of the TH17 Response in N0²-Promoted Allergic Airway Disease
Advisor: Dr. Matthew Poynter

Leah J. Noving, B.S. (Pennsylvania State University) 2006; Mountain Top, PA*
Dissertation: Breast Tumor Infiltrating and Axillary Lymph Node B-Lymphocytes Share a Genetic Repertoire and are a Rich Source of Tumor Binding Antibodies
Advisor: Dr. David Krag

Nathan H. Roy, B.S. (Trinity College) 2006; Keene, NH**
Dissertation: Viral and Cellular Factors that Regulate HIV-1 Cell-to-Cell Transmission
Advisor: Dr. Markus Thali

Naresha Saligrama, B.S. (University of Agricultural Sciences) 2003; M.S. (Indian Veterinary Research Institute) 2006; India*
Dissertation: Role of Histamine Receptors in Central Nervous System
Advisor: Dr. Cory Teuscher

Adam Sateriale, B.A. (The University of Vermont) 2008; B.S. (The University of Vermont) 2008; Burlington
Dissertation: Gene Regulation in Phagocytic Entamoeba Histolytica
Advisor: Dr. Christopher Huston

Chemistry

Daniel A. Bercovici, B.S. (Massachusetts Institute of Technology) 2004; Falmouth, MA*
Dissertation: An Exploration of 1-AZA-2-Azonialkene Salts as Unique Heterocyclic Intermediates in Insertion and CycloadDITION Reactions for the Preparation of Nitrogen Containing Heterocycles
Advisor: Dr. Matthias Brewer

Xiayun Cheng, B.S. (Beijing Institute of Technology) 2006; Shaanxi, China*
Dissertation: Total Syntheses of the Lycopodium Alkaloids Luciduline, Nankakurines A and B, Lyconadine C and the Aspidosperma Indole Alkaloid Subincanadine F
Advisor: Dr. Stephen P. Waters

Karla A. Erickson, B.S. (Bates College) 2008; Mystic, CT
Dissertation: Exploration of Zirconium and Tin Compounds for Dehydrocoupling of Silanes, Phosphines and Amine Boranes
Advisor: Dr. Rory Waterman

Matthew Vincent Sheridan, B.S. (University of Massachusetts-Lowell) 2010; Chelmsford, MA
Dissertation: Anodic Strategies for the Covalent Attachment of Molecules to Electrodes Through Ethynyl and Vinyl Linkages
Advisor: Dr. William Geiger

Civil and Environmental Engineering

Nathan P. Belz, B.S. (University of Maine) 2006; M.S. (University of Maine) 2008; Readfield, MA*
Dissertation: Planning and Operational Models for Roundabouts
Advisor: Dr. Lisa Aultman-Hall

Nikolaos Fytilis, B.S. (University of Crete) 2007; Athens, Greece**
Dissertation: Data Classification and Uncertainty Assessment: Development of a New Bayesian Artificial Neural Network with Applications to Stream Health Classification Using Multiple Environmental Assessment and Genetic Data
Advisor: Dr. Donna M. Rizzo

Christina Syrrakou, B.S. (Technical University of Crete) 2008; Athens, Greece**
Dissertation: Numerical Modeling and Experimental Investigation of the Local Hydrology of a Pervious Concrete Site
Advisor: Dr. George F. Pinder

Computer Science

Peter Chapin, B.S. (Western New England College) 1982; M.S. (University of Illinois) 1985; Williston**
Dissertation: Trust Management in Distributed, Resource Constrained Embedded Systems
Advisor: Dr. Christian Skalka

Ahmed Abdeen Hamed, B.S. ( Ain Shams University) 1991; M.S. (Indiana University) 2005; Colchester
Dissertation: An Exploratory Analysis of Twitter Keyword-Hashtag Networks and Knowledge Discovery Applications
Advisor: Dr. Xinlong Wu

Haiqiang Li, B.S. (Hefei University of Technology) 2008; M.S. (Hefei Universityof Technology) 2011; China
Dissertation: Online Learning with Streaming Feature Selection
Advisor: Dr. Xinlong Wu

Ahmed Ragab Nabhan Mostafa, B.S. ( Cairo University) 1997; M.S. (Cairo University) 2006; Cairo, Egypt
Dissertation: Graph Pattern Mining Techniques to Identify Potential Model Organisms
Advisor: Dr. Indra Neil Sarkar

Song Wang, B.S. (Beijing Jiaotong University) 2007; Hubei, China*
Dissertation: Estimating the Distribution of Moving Objects from Uncertain Data with Application on Privacy Protection and Co-Location Discovery
Advisor: Dr. Xiaoyang Sean Wang

*As of October 2013
**As of January 2014
Education Leadership and Policy Studies
Maria Mercedes Avila, B.A. (Universidad del Salvador) 2002; M.Ed. (The University of Vermont) 2007; Burlington**
Dissertation: Evaluating the Efficacy of Youth Suicide Prevention Gatekeeper Trainings: Implications for School Personnel and Health and Mental Health Service Providers
Advisor: Dr. George S. Leibowitz

Vincent M. Mugisha, B.A. (Makerere University) 1996; M.A. (Makerere University) 1996; M.A. (School for International Training) 2003; Kampala, Uganda
Dissertation: Engaged African Refugee Youth Negotiating Schooling in The United States of America: An Inquiry into the Influence of Culture and Social Structure

Dissertation: Meeting the Needs of all Learners: The Impact of Teacher Education on Teacher Readiness
Advisor: Dr. Katharine Shepherd

Carol Williams Howe, B.A. (Middlebury College) 2000; M.Ed. (The University of Vermont) 2004; Barrington, RI**
Dissertation: Service-Learning, College Student Development, and Critical Thinking: Implications for Pedagogical Design
Advisor: Dr. Jill Tarule

Electrical Engineering
Clark Vandam, B.S. (University of Michigan) 2005; M.S. (Central Michigan University) 2009; Mt. Pleasant, MI**
Dissertation: 2D/3D Feature-Based Visual Tracking and Localization for Planetary Rover Exploration
Advisor: Dr. Gagan Mirchandani

Materials Science
Ishviene Cour, B.S. (University of Delhi) 2005; M.S. (University of Delhi) 2007; India*
Dissertation: Molecular Alignment and Stress in Organic Thin Films
Advisor: Dr. Randall L. Headrick

Mathematics
Catherine Anne Bliss, M.S. (The University of Vermont) 2000; M.A. (University of Miami) 2007; Utica, NY
Dissertation: Description, Prediction and Evolution of a Large, Dynamic Network from Incomplete Data
Advisors: Dr. Christopher Danforth, Dr. Peter Dodds

Genesh K. Oka, B.S. (University of Madras, India) 1993; Mumbai India
Advisor: Dr. George F. Pinder

Mechanical Engineering
Michael Ryan McDevitt, B.S. (Worcester Polytechnic Institute) 2003; M.S. (The University of Vermont) 2011; Burlington
Dissertation: A Discrete Multiphase Approach to Monopropellant-Based Micropropulsion
Advisor: Dr. Darren L. Hitt

Microbiology and Molecular Genetics
Kovi Bessoff, B.A. (University of Colorado) 2006; Longmeadow; MA**
Dissertation: Techniques to Identify Potential Treatments for Cryptosporidiosis
Advisor: Dr. Christopher Huston

Annette Estelle LaBauve, B.S. (University of California, Davis) 2005; Santa Fe, NM
Dissertation: Pseudomonas Aeruginosa Transcriptional Response to Host Lids: Impact on Virulence Determinant Production and Secretion
Advisor: Dr. Matthew J. Wargo

Jacqueline Man Yin Leung, B.S. (University of Toronto) 2007; Mississauga, Ontario*
Dissertation: Genetic and Small-Molecule Approaches to Studying the Motility of Toxoplasma Gondii
Advisor: Dr. Gary E. Ward

Anahi Veronica Odell, B.S. (Universidad Nacional de San Martin) 2007; M.S. (Universidad Nacional de San Martin) 2007; Argentina*
Dissertation: Study of Drug-Protein Interactions in Toxoplasma GondII Using the Yeast Three-Hybrid System
Advisor: Dr. Gary Ward

Vivekanand Sharma, B.S. (University of Agricultural Sciences) 2006; Gorakhpur, India
Dissertation: Discovery and Prioritization of Phyto-Therapeutic Leads From Electronically Available Ethnobotanical and Biomedical Data Repositories Using In Silico Methods
Advisor: Dr. Indra Neil Sarkar

Qing Tang, B.S. (Wuhan University) 2005; Mangzhou, China*
Dissertation: Phosphorylation of Toxoplasma GondII Myosin A Amplifies the Phenotypic Output of Calcium Dependent Signaling
Advisor: Dr. Gary Ward

Lucas D. Tilley, B.S. (Oregon State University) 2002; Burlington
Dissertation: Methods to Identify Components of the cGMP-Dependent Protein Kinase Signaling Pathway and Discovery of a Novel Pellicular Protein in the Apicomplexan Parasite Toxoplasma Gond III
Advisor: Dr. Gary Ward

Natural Resources
Rebecca Gorney, B.S. (Binghamton University) 2002; M.S. (Ohio State University) 2008; Bronx, NY
Dissertation: Trophic Dynamics and Cyanobacteria Blooms in Shallow Eutrophic Lakes of Lake Champlain
Advisor: Dr. Mary C. Watzin

Pooja Kanwar, M.S. (Antioch University of New England) 2007; Ames, IA
Dissertation: A Regional Ecological Risk Assessment and Institutional Analysis of the Kaipara Harbour in New Zealand
Advisor: Dr. Christopher Kohiba

Charles Kerchner, B.A. (Lafayette College) 2000; M.S. (The University of Vermont) 2006; Boston, MA*
Dissertation: Sustainable Financing of Protected Areas: Application of Valuation Tools to Overcome Barriers
Advisor: Dr. Jon Erickson

Jean Lee, B.A. (Columbia University) 2005; M.S. (Duke University) 2008; Hsinchu, Taiwan
Advisor: Dr. Lini Wollenberg

Rebecca H. Pincus, B.S. (Georgetown University) 2005; M.S. (Vermont Law School/The University of Vermont) 2010; Ridgefield, CT*
Dissertation: United States Department of Defense and the Challenge of Climate Change: An Inquiry into Organizational Adaptation and Resilience
Advisor: Dr. Saleem Ali

Nathan Reigner, B.A. (Gettysburg College) 2001; M.S. (Virginia Polytechnic Institute) 2008; Barre
Dissertation: A Multi-Dimensional Model of Park and Recreation Use and Crowding: Management, Perception and Behavior
Advisor: Dr. Robert Manning

**As of January 2014
Lucas Reusser, B.A. (Skidmore College) 1999; M.S. (The University of Vermont) 2005, Newton, MA
Dissertation: Quantifying Human Impacts on Natural Rates of Erosion Along Continental Margins
Advisor: Dr. Paul R. Biernan

Neuroscience
Nathan Jebbett, B.S. (Colgate University) 2006; Homer, NY**
Dissertation: Developmental Methylmercury Toxicity: Effects on Gliogenesis
Advisor: Dr. Felix Eckenstein
Gregory Lieberman, B.A. (University of Massachusetts) 2003; Townsend, MA**
Dissertation: White Matter Involvement in Chronic Musculoskeletal Pain And Neuroplasticity Following Cognitive Behavioral Therapy
Advisor: Dr. Magdalena Naylor
Liana Elizabeth Merrill, B.A. (Wheaton College) 2009; Northwood, NH
Dissertation: Effects of Repeated Variate Stress on Urinary Bladder Function: Role of the TRPV4 Sensory Transducer
Advisor: Dr. Margaret A. Vizzard
Simone Otto, A.A.S. (Fashion Institute of Technology) 1988; B.S. (Winston State University) 2001; Essex Junction*
Dissertation: Expression and Colocalization of Prostate Stem Cell Antigen with Alpha7 Subunit Containing Nicotinic Acetylcholine Receptors in Parasympathetic Neurons
Advisor: Dr. Rae Nishi

Physiology and Biophysics
Ting Yi, B.S. (Beijing Institute of Technology), 2005; M.S. (Beijing Institute of Technology), 2007; China*
Dissertation: Cardiomyocyte Contraction-Relaxation Function in Response to Zinc and Oxidative Stress
Advisor: Dr. Bradley Palmer

Plant Biology
Yucan Zhang, B.S. (Shandong Normal University) 2006; China**
Dissertation: Light Regulation of Nodulation Through a Plant Hormone Signaling Network
Advisor: Dr. Jeanne M. Harris

Plant and Soil Science
Rebecca Bourgault, B.S. (University of Maryland, College Park) 2005; M.S. (University of Maryland, College Park) 2008; Baltimore, MD
Dissertation: Hydropedology of Podzols at Hubbard Brook, New Hampshire
Advisor: Dr. Donald Ross
Sebastian Castro-Tanzi, B.A. (Universidad de Costa Rica) 2001; M.S. (ITC/Netherlands) 2007; San Jose, Costa Rica
Dissertation: Agroecology and Ecosystem Services in a Coffee Landscape of Costa Rica
Advisor: Dr. V. Ernesto Mendez
Katherine E. Goodall, B.A. (Washington University, St. Louis) 2002; M.S. (University of Michigan) 2008; Clearwater, FL*
Advisor: Dr. V. Ernesto Mendez
Victor Michael Izzo, B.S. (State University of New York, Geneseo) 1999; M.S. (Drexel University) 2003; Mahopac, NY**
Advisor: Dr. Yolanda H. Chen

Psychology
Matthew D. Albaugh, B.A. (Colby College) 2002; Meredith, NH*
Dissertation: Mapping Relations Between Cortico-Limbic Structure and Anxious/Depressed Symptoms Across Development in a Longitudinal Sample of Healthy Youths
Advisor: Dr. James J. Hrudziak

Elizabeth M. Remick

AMERICAN SOCIETY OF ANIMAL SCIENCE AWARD presented annually to Sophomores, Juniors, and Seniors whose academic record, scholastic efforts and character warrant recognition as the future leaders in the field of Animal Sciences. Graduating seniors named to the society are:

Evelyn A. Bulkeley

Jack E. O’Day III

Shannon B. Heath

Samuel E. Scheu

Roberta L. Hemmer

Kirsten A. Weberg

Ashley R. McCoy

BRETT KLEIN MEMORIAL SCHOLARSHIP presented to the CREAM Student Herd Advisors for Fall 2013 and Spring 2014 with a big thanks for their time and effort! The award is presented for their dedication, responsible leadership, and friendly attitude that Brett exemplified as a 1990 CREAMer as well as for their excellence in teaching and advising the 2013-2014 CREAMers and in passing on the CREAM tradition!

Fall 2013: Tyler L. Launhardt

Spring 2014: Samuel E. Scheu

ANIMAL SCIENCES FACULTY AWARD in recognition of scholastic performance, outstanding achievements in undergraduate research, and service to the Department of Animal Science:

Evelyn A. Bulkeley

TRIONA WILDER MARNO-FEREE MEMORIAL AWARD presented to the student or students who possess a genuine love of horses and display the energy and enthusiasm shown by Triona for UVM Horse Barn activities:

Kirsten A. Weberg

THE DORES AND JULIAN MALKIEL SCHOLARSHIP FUND was established by the Malkiels out of their mutual respect for domesticated animals and the talented veterinarians who care for them. It is awarded to deserving Vermont students in their junior or senior year, who are pursuing the pre-veterinary curriculum and have demonstrated through their academic performance a level of preparedness and proficiency suitable for admission to vet school:

Heather M. Curley

Emily K. Rule

BIOCHEMISTRY PROGRAM

ROBERT WOODWORTH AWARD for the highest academic achievement in Biochemistry is named for a native Vermonter who spent his career teaching and mentoring in the Biochemistry Department at UVM. He laid the groundwork for the current undergraduate degree in Biochemistry:

Cody J. Couperus

BIOLOGICAL SCIENCE PROGRAM

SCHOLASTIC ACHIEVEMENT AWARD presented to students who have earned the highest scholastic average in their respective classes starting in the second year:

Serena M. DiMattia

COMMUNITY DEVELOPMENT & APPLIED ECONOMICS

The following awards are presented to the graduating senior(s) with the highest scholastic grade point average in recognition of their continuous academic excellence and outstanding professional potential:

Community Entrepreneurship: Anthony S. DeCenzo

Community and International Development: Corey R. Wilga

Public Communication: Katherine R. Ettman

SCHOLASTIC RECOGNITION of the top ten percent of seniors with a major in Community Development and Applied Economics based on cumulative grade point average:

Michael C. Abbott

Hillary F. Laggis

Caleb Brabant

Eleanor D. Mills

Anthony S. DeCenzo

Jocelyn K. Morin

Katherine R. Ettman

Kayleigh R. Neu

Michael A. Fadden

Corey R. Wilga

COMMUNITY DEVELOPMENT & APPLIED ECONOMICS TEACHING ASSISTANT AWARD presented to an outstanding student exhibiting excellence in the classroom as an undergraduate teaching assistant:

Joseph T. Tomlinson

COMMUNITY SERVICE SCHOLAR AWARD presented to a student who has translated their high level of academic achievement into meaningful contributions to “real world” community development:

Zoe S. Adams

Hillary F. Laggis

ENVIRONMENTAL PROGRAM

OUTSTANDING GRADUATING SENIOR IN ENVIRONMENTAL STUDIES presented by the Environmental Program faculty to the graduating seniors who have demonstrated academic excellence, environmental leadership, and campus and community activism and service:

Stephanie E. Haynes

Rory C. Shamlian
MICROBIOLOGY AND MOLECULAR GENETICS

MICROBIOLOGY AND MOLECULAR GENETICS UNDERGRADUATE TEACHING ASSISTANT AWARD is presented to an outstanding student exhibiting excellence in the classroom as an undergraduate teaching assistant:

**Kelly Nguyen**
**Audrey A. Woods**

WARREN R. STEINBRING OUTSTANDING SENIOR IN MICROBIOLOGY AWARD in recognition of academic excellence and professional growth:

**Thomas S. Hilzinger**

LUCILLE P. MARKEY OUTSTANDING SENIOR IN MOLECULAR GENETICS AWARD in recognition of academic excellence and professional growth:

**Lauren M. Cole**

DEPARTMENT OF NUTRITION AND FOOD SCIENCES

BERTHA TERRILL AWARD was created as a tribute to Miss Bertha M. Terrill and her 31 years of service at UVM. Bertha Terrill is remembered as the founding Chair of the Department of Home Economics, the first Dean of Women and the first woman Full Professor at UVM. The purpose of this award is to recognize a student(s) who shows special academic promise and achievement:

**Morgan E. Devoid**
**Andrea J. Francis**

NUTRITION AND FOOD SCIENCE FACULTY AWARD presented annually by the department faculty to the graduating senior with the highest scholastic grade point average in recognition of their continuous academic excellence and outstanding professional potential:

**Emilie S. Riddle**

CORNELIA WHEELER IRISH MEMORIAL SCHOLARSHIP presented annually in the Fall semester to a student majoring in Dietetics or Nutrition and Food Sciences whose continuous academic excellence, financial need, and demonstrated potential for success in a career in human nutrition has distinguished her or him from their peers:

**Louis A. Bruderer**

AGNES T. POWELL AWARD presented annually to graduating seniors majoring in Dietetics who have demonstrated qualities indicating outstanding professional promise and potential:

**Eliza M. Hamburger**
**Sierra E. Parker**

BLAIR WILLIAMS AWARD to the graduating senior who best exemplifies the qualities of Professor Williams’ excellence in the areas of human nutrition and foods and her deep concern for people:

**Carsan L. Dittman**
**Olivia E. Gross**

NUTRITION AND FOOD SCIENCES RESEARCH AWARD presented to the graduating senior(s) who has excelled in undergraduate research while maintaining high academic standards and has demonstrated outstanding potential for a career in either basic or applied research in Nutrition and Food Sciences:

**Elizabeth R. Berman**
**Garabed Hartounian**
**Megan N. Morris**

OUTSTANDING DIETETICS STUDENT AWARD presented by the American Dietetics Association. Its purpose is to recognize the emerging leadership and achievement of students in Association-accredited dietetics education programs and encourage their participation in The American dietetics Association. Leadership and professional potential are assessed through honors, student dietetic association activities, and community service activities:

**Lauren M. Cole**

DEPARTMENT OF PLANT BIOLOGY

SUPERIOR PERFORMANCE AWARD presented by the faculty in Plant Biology each year to a senior(s) in the department with a superior academic record and investment in research and teaching activities of the department:

**Brendan M. Lyons**

DEPARTMENT OF PLANT AND SOIL SCIENCES

AMERICAN SOCIETY FOR HORTICULTURE SCIENCE OUTSTANDING HORTICULTURE STUDENT AWARD recognizes an exceptional undergraduate horticulture student. The award is based on academic achievement, leadership ability, participation in campus activities and service to their department:

**Zachary A. Noel**

JAMES E. LUDLOW ENDOWED SCHOLARSHIP FUND was established in memory of James Ludlow, class of 1987, to provide scholarship awards to deserving students with preference given to those studying horticulture:

ACADEMIC REGALIA

The Academic Costume worn today in U.S. colleges and universities is a survivor of the Middle Ages. The University of Vermont was among the first in this country to experiment with the use of academic gowns, requiring their wearing at the graduation of 1806. The experiment was not repeated until mid-century when UVM and other colleges began wholeheartedly to use the medieval scholar's clothing for ceremonial occasions.

The code regulating academic costume is administered by an intercollegiate commission that establishes uniform standards. BACHELORS' gowns have closed fronts and a long, pointed sleeves. MASTERS' gowns may be worn open or closed and have oblong sleeves open at the wrist, the lower portion hanging down with an arc near the bottom. DOCTORS' gowns may be open or closed and have velvet facings and three velvet bars on the round, open sleeves. The facings and bars may be of black or of the official colors of the wearer's department of learning.

Hoods are usually black. All are lined in silk in the academic color or colors of the institution conferring the degree, with a chevron for additional colors. A University of Vermont hood is lined with green, with a gold chevron, the official school colors. The color of the hood border indicates the degree earned.

The Black Mortarboard is worn for all degrees. Only Doctors' caps may be made of velvet and only Doctors or Presidents of institutions may wear a gold tassel on the cap.

The Class of 1927 Memorial Mace is carried by the University Marshal at formal university occasions and is displayed on the platform during these ceremonies.

The Mace, a gift from the Class of 1927, is forty-seven inches long, cast bronze, plated in silver, with a black ebony handle. The sculpture on one of the four sides depicts the center section of Old Mill with Mt. Mansfield in the background, symbolizing the founding of the University. Other sides display three students reaching upwards to a lamp, symbolic of learning; the Ira Allen Chapel, symbolizing spiritual guidance; and a group of four persons, symbolizing friendship. It is crowned by the seal of the University.

The Mace was designed and the model sculpted by Richard Simpson, son of Carl G. and Doris Griffith Simpson, both members of the Class of 1927.

The University Seal or Medallion was adopted in 1807 and used until 1871 when it was replaced by a round seal incorporating the name of the College of Agriculture. In 1975 the Board of Trustees voted to restore the original seal to official use, modified to incorporate the Latin name of the College of Agriculture.

The motto on the seal is from Horace, Epistles 1.2.36. Literally, it means “For virtuous studies and matters.” In the allusion to Horace's poem it reflects UVM's continuing belief in the utility and practicality of all liberal studies.
Universitas V. Montis
Tune: Jane Oppenlander
Text: David Cox

From the lofty peaks of Mansfield
to the shores of Lake Champlain,
comes a mighty swelling chorus,
whose echo will remain:

Chorus
Vermont! Vermont! Vermont!
Our University!
Thy loyal sons and daughters
sing in love and praise to Thee!

Repeat Chorus

Shadows falling 'cross the campus,
changing seasons' wondrous scene,
stir our thoughts of Alma Mater,
and her colors Gold and Green:

Chorus
Vermont! Vermont! Vermont!
Our University!
Thy loyal sons and daughters
sing in love and praise to Thee!

Repeat Chorus

Gaudeamus igitur
Traditional University Song
Second Verse by Z. Philip Ambrose, Professor of Classical Languages Emeritus

Gaudeamus igitur, iuvenes dum sumus.
Post iucundam iuventutem, post molestam senectutem
Nos habebit humus.

Vivat nunc Mons Viridis, sicut tunc Romani!
Vivat lingua Caesaris! vivat illa Socratis!
Viridimontani!

So let's rejoice while we are young;
After pleasant youth, after troublesome old age, the ground will have us.

Let Vermont now live, as the Romans back then!
Let Caesar's language live, let that of Socrates live, Vermonters!
