- Experience working with underrepresented youth;
- Demonstrated academic excellence;
- Strong interpersonal communication skills; and,
- A high degree of creativity, energy and enthusiasm.

Responsibilities:
- Participate in pre-program training;
- Provide direct instruction in 1-4 courses, Monday-Thursday;
- Help facilitate an academic showcase;
- Participate in weekly Faculty meetings; and,
- Participate in overall program evaluation.

Salary and Benefits:
- Salary is contingent on qualifications and experience.

Application Review begins **March 21:**
- Letter of Interest
- Resume
- Names/Contact Information of 3 References

The University of Vermont TRIO Upward Bound Program is a federally funded program for low-income, potentially first-generation high school students. Our primary mission is to provide the necessary skills and motivational activities to help our participants complete high school, enroll in and graduate from college.

We will offer a six-week, non-residential summer program on the UVM campus for up to 50 high school students from Burlington and Winooski High Schools. From June 20th to July 21st (Monday – Thursday) participants are enrolled in an intensive academic curriculum, referred to as Summer College, supplemented by a rewarding career, college and leadership skills exploration program (weekly on Fridays).
