| 1/10/22 |
| 2/14/22 |
| 3/14/22 |
| 4/11/22 |
| 5/9/22 |

I would like to nominate myself for the Athletics Advisory Board at UVM. I am an Assistant Professor of Medicine at UVM and am also a physician at UVM Medical Center. My specialty is Gastroenterology, and I have a sub-specialty focus in Inflammatory Bowel Disease. Aside from my clinical responsibilities, I am also actively involved in teaching medical students, residents, and fellows. In addition, I am a former student-athlete and played football at Butler University, which was a Division I-AA program at the time. I believe my experience as a former student-athlete and physician would be valuable to the advisory board, especially pertaining to student success and development.
