## Why I'm running?

I am running to be the President of the UVM Student Government Association because I want to promote student advocacy on campus and make sure student voices are included in University decision making. In my roles on campus I have learned how important our student groups are, have gained access to UVM's institutions, and I think it is time to bring those two things together to create a community that listens to and values every person of every identity.

## While on SGA...

- Created a debt forgiveness program that forgave the debt of over 50 clubs on campus
- Wrote and passed two resolutions endorsing UVM Staff United's bargaining efforts
- Worked with Student Financial Services to help students pay break housing fees
