My Platform

For too long, administration has made decisions *entirely without* SGA consultation.

I want to change that.

- **Bad decisions like tiered housing are imposed**
- ***No more top-down decisionmaking!***
- **SGA and admin must rebuild their relationship**
- **Making SGA a more representative body**

My Goals

- **Rebuilding of constructive dialogue between SGA and UVM administration**
- **Direct, regular dialogue with the student representatives on the Board of Trustees**
- **Advocating for implementation of “town halls”, specifically to talk to your rep**
- ***To give my fellow Catamounts a seat at the table!***
