

Why Vote for Camden Abair?

(Besides the fact that I'm pretty special, at least that's what my mom tells me.)

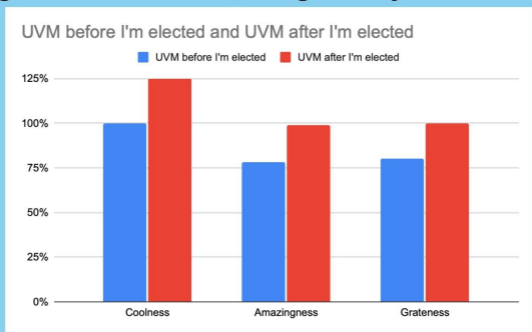

Who am I

I'm a biology major from Burlington, Vermont, who is volunteering for the UVM rescue, a dog owner, an uncle, disabled, straight, white, and male who uses He/Him pronouns

Why am I doing this?

Before getting into the nitty-gritty brass tacks of my campaign, let's look at the data I was able to crunch using the fortune teller, the great mythical Chat GPT

In all seriousness, I'm running as someone with a disability who wants to improve the services provided to those in need of them on campus by

- Helping the upper class with the outrageously expensive cost of housing in the area
- Helping students struggling to get adequate support in class because of a disability or just because it's a hard class
- Not just achieving my ideas, but achieving the ideas you propose
- Improving on-campus living quality: people should not be sleeping five people in a room because of the lackluster living conditions. Just because we are the catamounts does not mean we should stand to live like animals

So use your voice and tell me what you want to see happen at UVM

camdenumv2023@gmail.com

If that didn't convince you to vote for me, here is a picture of me and my dogs. If that does not convince you, I don't know what will.

Thank you for taking the time to learn why you should vote for me
