

Chloe Kalp for UVM Senate

Goals!

1. Increase **community partnerships** in the Burlington area
2. Highlight student **mental health**
3. Collaborating to improve **dining/Reslife experiences**

*If elected to SGA, I am most interested in the **student action/wellbeing committee** or **legislative/community affairs !**

In high-school I was part of the student mental health/wellbeing committee. We organized many events highlighting the importance of mental health that I would love to bring to UVM. Additionally, I have experience creating opportunities for students to get involved in the community outside of campus. I hope to create connections for students to gain work experiences in Burlington!

About me!

Hi! My name is Chloe and I am a freshman from Worcester, Massachusetts studying neuroscience!

I am also part of the earth and environment LASP program.

Outside of school I am a snowboarding instructor and love being in nature and with others.

Thanks for reading!
