

# VOTE JASMINE THOMPSON INTO SGA!

## BIO

Hi! My name is Jasmine Thompson, I'm from Boston, Massachusetts. I am a freshman here at UVM, and I'm majoring in biomedical engineering. In school I was a student ambassador, captain of a dance team, and on the varsity basketball team. Outside of school I was on the mayor's youth council, and President of the Big Sister Association junior advisory board. I like to hang out with my friends and have fun. I like to travel. I also like to read, watch T.V and movies. I also love sports specifically basketball and football, so if you like to talk and watch them too come find me. I like talking in general so if you see me, say hi!

## OBJECTIVES

1) What is your main purpose or reason for running for SGA Senate?

I want to be an advocate for students here at UVM. As a first gen student, woman, and person of color there are many necessities needed that aren't provided or overlooked. I want to be the person to shine light on these things and help UVM provide them. I also want to be there to educate others on different topics when disagreements or things come up. I love to educate as well as learn, and feel that this opportunity would be great for it.

2) What characteristics do you feel you possess that would make you a strong student leader?

I am a very determined and hard working person. I am very understanding and like to help others. I know when to step up, step back, and when I need to make my voice heard. I also love working with others to fix problems that will improve the lives of others. I also am a very fun person to be around and like to talk about almost anything.

3) Do you have any past experiences or accomplishments that would qualify you for this position?

Yes! In school I was a student ambassador, captain of a dance team, and on the varsity basketball team. I volunteered my time to mentor little sisters in the Big Sister Little Sister program. I also participate on the Mayor Youth Council in the education committee. I also served as president of the Junior Advisory Board for the Big Sister Association.

4) Are there any issues that you are particularly interested in? Elaborate.

I want to help bring more diversity to UVM and Vermont in general. This being in all things like different activities like who to invite for concerts, and a multitude of other things. I also want to help make UVM as fun as it is academically challenging.
