Student Body!

My name is Kennedy and I'm running for the SGA Senate. I'm beyond dedicated to UVM students and staff and would constantly push myself to go above and beyond.

Some reasons why I think I'd be perfect for this job:

- Editor in Chief of an award-winning yearbook last year & led 40+ students
- A strong communicator who cherishes building relationships and collaborating with others
- LEAD (Learn, Explore, Act, Design) pathway student all four years of high school, which focused on real-world experiences and leadership
- Lions Club Scholarship awardee for dedication & service to my community

In my first weeks at the University of Vermont, I've already been in contact with Police Services & Residential Life in hopes of implementing security cameras throughout all dorm entrances. Student safety and well-being will forever be my top priority and I will not stop fighting for what's right. Thank you for your consideration and please email me if you have any questions!

Sincerely,

Kennedy Connors
