

Rosalie Casavant for SGA Senate 2023 - 2024

In high school, I was thoroughly involved in my school community. I served as a class officer where I was able to collaborate with other officers, work closely with administration, and see change within my school community. Beyond class office, I held a leadership position in three other clubs. These positions gave me the opportunity to attend workshops, present at a national leadership conference, and learn more about what it means to serve your school community as a student leader.

My Mission

Since a young age, I have been passionate about creating positive change in both my local and school communities. Whether this is big change or small change, I have served as a student leader to echo the voices and concerns of my peers and ultimately seek and create that change. This is why I am running for SGA. If elected as an SGA Senator, it will be my top priority to make UVM a home away from home for all new and returning students. I will accomplish this by creating greater opportunities for student engagement, increasing the availability of student health and accessibility services, and working to support our identity centers in order to create a more vibrant, warm, and welcoming campus. I believe that I would be a valuable addition to the SGA Senate and I would work effectively to create the changes that the student body wishes to see. Thank you for your time and please feel free to contact me with any questions!

About Me

I am a compassionate, approachable, and driven leader who is committed to amplifying the voices of her peers in order to seek positive change in our campus community.

I am a first-year student in the College of Arts and Sciences who is originally from northern Massachusetts. Some of my hobbies include singing, taking pictures on my digital camera, and being creative.
