# BRIDGETTE MARTIN

## for UVM Senate

Hey guys....

I'm Bridgette Martin, a freshman studying Ecology, Policy, and Sustainability in the Rubenstein School.

I am running for Senate in the Student Government Association to bridge the class of 2027 with UVM policy. I also look forward to discussing goals and speaking with fellow driven peers within the association.

I am super extroverted. Some may even call me a social butterfly. I enjoy being outside and love when people talk my ear off about their opinions. I am more than happy to tackle tough topics. I also love to hike, ski, surf, and literally anything as long as I get food after.

Finally, I have previously served on a High School Senate Committee, I was Co-President of a Mental Health Club, an Environmental Proctor, and Dorm Proctor. I am ready to take on the role as your senator. I am passionate about Environmental Justice and Equality. Let me know what you think and i'll make it happen!
