A healthy meal starts with more vegetables and fruits with smaller portions of protein and grains. Include dairy by making it the beverage with your meal.

### Make half your plate fruits and vegetables.
- Choose red, orange, and dark-green vegetables like tomatoes, sweet potatoes, and broccoli, along with other vegetables for your meals.
- Add whole or cut-up fruits to meals.

### Make at least half your grains whole.
- Choose 100% whole-grain cereals, breads, crackers, rice, and pasta.
- Check the ingredients list on food packages to find whole-grain foods.

### Choose foods and drinks with little or no added sugars.
- Choose fresh, frozen, and canned fruit without added sugar or high fructose corn syrup.
- Drink water instead of sugary drinks. There are about 10 teaspoons of sugar in a 12-ounce can of soda.
- Choose 100% fruit juice instead of fruit-flavored drinks.

### Switch to skim or 1% milk.
- They have the same amount of calcium and other essential nutrients as whole milk, but less fat and calories.
- Try calcium-fortified soy products as alternatives for dairy foods.
- When selecting cheese, choose low or reduced-fat versions.

### Vary your protein food choices.
- Twice a week, make seafood the protein on your plate.
- Eat beans, which are a natural source of fiber and protein. Include legumes, nuts, and eggs.
- Keep meat and poultry portions small and lean. Choose lean meats and ground beef that are at least 90% lean.
How Much Do I Need?  
(Based on a 2,000 calorie meal plan)

### Vegetables - 2½ cups every day
- What counts as a cup?
  - 1 cup raw or cooked vegetables
  - 12 baby carrots
  - 1 large ear of corn
  - 1 large sweet potato
  - 1 cup 100% vegetable juice
  - 10 broccoli florets
  - 2 cups leafy salad greens

### Fruits - 2 cups every day
- What counts as a cup?
  - 1 cup raw, frozen or cooked fruit
  - 32 seedless grapes
  - 1 cup 100% fruit juice
  - 1 large banana
  - 8 large strawberries
  - 1 small apple
  - ½ cup dried fruit

### Grains - 6 ounces every day
- What counts as an ounce?
  - ½ cup cooked pasta, rice or cereal
  - 1 oz dry pasta or rice
  - 1 tortilla, 6 inch diameter
  - 1 cup cereal flakes
  - 1 pancake, 5 inch round
  - 1 regular slice bread
  - ½ cup cooked oatmeal or 1 packet

### dairy - 3 cups every day
- What counts as a cup?
  - 1 cup milk, yogurt or fortified soymilk
  - 1½ oz natural cheese (size of 3 dice)
  - 2 oz processed cheese
  - 2 cups cottage cheese
  - 1 ½ cups ice cream

### Protein - 5½ ounces every day
- What counts as an ounce?
  - 1 oz lean meat, poultry or fish (3 oz = deck of cards)
  - 1 egg
  - 1 Tbsp. peanut butter
  - ¼ cup cooked beans or peas
  - 12 almonds, 24 pistachios, 7 walnut halves

#### Build a Healthy Plate - Sample 2000 Calorie Menu

<table>
<thead>
<tr>
<th>Breakfast</th>
<th>1 cup of whole grain cereal, 1/2 cup of blueberries and 1 cup of reduced-fat milk.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Snack</td>
<td>1 slice of whole wheat toast and 1/2 sliced banana.</td>
</tr>
<tr>
<td>Lunch</td>
<td>1 cup of cooked pasta, 1 cup mixed vegetables, 2 to 3 oz. chicken breast</td>
</tr>
<tr>
<td></td>
<td>1 cup of low fat milk, and 2-3 tsp. of olive oil for drizzling on top of chicken and vegetables</td>
</tr>
<tr>
<td>Snack</td>
<td>1/2 slice of pita bread, 1/2 cup baby carrots and 1 Tbsp. of hummus dip</td>
</tr>
<tr>
<td>Dinner</td>
<td>2 to 3 oz. grilled salmon, 1 to 2 oz. brown rice, 1 cup salad, 1 to 2 tsp. salad dressing</td>
</tr>
<tr>
<td></td>
<td>1 cup of reduced-fat milk, 1/2 cup fresh melon</td>
</tr>
</tbody>
</table>
