September 12, 2016

Dear Drs. Frolik, Eppstein and Buzas,

Please consider announcing this Fellowship program to your PhD students and coordinating a selection process if necessary. The nominations must be confirmed by the office of the chair of the eligible department (Computer Science, Electrical Engineering or Mathematics). A maximum of three applicants per eligible department, per eligible university, will be accepted. A total of nine applications per university will be allowed. Please cc me on any nominations you confirm so that I can let the SPA Research Administrators know who has been selected to move forward with their application.

- The Microsoft Research PhD Fellowship two-year fellowship program is accepting applications from second or third year PhD students who are nominated by their department chairs.
- Students must attend a United States or Canadian university and be enrolled in the Computer Science, Electrical Engineering, or Mathematics department.
- Nominations must be confirmed by the office of the chair of the eligible department. A maximum of three applicants per eligible department, per eligible university, will be accepted.
- Due date for all applications: Monday, October 10, 2016 11:59 P.M. Pacific Time (PT).
- For more information see: https://www.microsoft.com/en-us/research/academic-program/phd-fellowship-program/

Thanks,
Hilda
