info@trickl-eez.com
www.trickl-eez.com

A leading dealer in drip irrigation, and other types of irrigation systems for over 25 years.

Monitoring and Testing Equipment

Gempler's

P.O. Box 44993
Madison, WI 53744-4993
800/382-8473
customerservice@gemplers.com
www.gemplers.com
Gempler's carries many soil sampling supplies including pH kits, nitrate testing kits, soil sampling devices including soil probes and soil compaction testers, and many other sampling tools. Also suppliers of

protective equipment and supplies for agricultural production, maintenance, etc.

Timberleaf Soil Testing

39648 Old Spring Rd.
Murrieta, CA 92563-5566
951/677-7510
tmbrlfsoiltest@verizon.net
The Timberleaf soil test was developed especially for market gardeners who practice the biointensive approach. The basic soil test includes base saturation/CEC, estimated nitrogen release, available nutrients, pH, and soluble salts. Optional tests exist for organic matter, trace minerals, and composts/greenhouse media. The detailed soil test report contains the test results and explanations, and organic fertilization recommendations.

Also for General Agriculture:

Ben Meadows Company

P.O. Box 5277
Janesville WI 53547-5277
800/241-6401, Fax 800/628-2068
www.benmeadows.com
An extensive line of soil testing supplies includes electrical conductivity meters (starting at \$100), penetrometers, shear tester, soil charts, soil educational kits, soil testing meters, tensiometers and irrometers, test kits and strips, tile probes, auger kits, rotary hammer kits, sieves, and accessories.

More Scientific:

Cole-Parmer

625 Bunker Court
Vernnon Hills, IL 60061
800/323-4340, Fax 847/247-2929
info@Coleparmer.com
www.coleparmer.com
Specialized equipment for monitoring plant nutrition and soil nutrient levels. Extensive list at their website.

Pike Agri-Lab Supplies

154 Claybrook Rd.
Jay, ME 04239

207/897-9267, Fax 207/897-9268
info@pikeagri.com
www.pikeagri.com

This family-run business provides test kits and monitoring instruments to assist farmers and composters and promote biological agriculture. Pike Agri-Lab also develops and manufactures tools in Maine and can help farmers set up their own test labs, for performing quick, simple tests in the field. Operating since 1977. Pike Agri-Lab sells a combination pH and soil salts (electrical conductivity) meter for \$144.

Beneficial Insects (Suppliers)

IPM Labs. Inc.

P.O. Box 300
Locke, NY 13092-0300
315/497-2063
ipmlabs@baldcom.net
www.ipmlabs.com

IPM Labs supplies beneficial organisms for the biological control of pests and provides support to facilitate their successful use. They produce 7 species of beneficial organisms and distribute more than 45 other species.

Great Lakes IPM

10220 Church Rd., NE
Vestaburg, MI 48891
989/268-5693, 989/268-5911, or
