**Action Items**

Vice President for Finance and Treasurer Richard Cate introduced a resolution authorizing a license agreement with the City of South Burlington for a portion of the Recreation Path. The agreement is for continued operation of a recreation path on a 15’ strip of land through the Wheelock Tract at Spear and Swift Streets in South Burlington. The license agreement is for five years with four five-year renewal options, which combined with the previous license equals an aggregate of 52 years. Annual revenue associated with this license will not exceed $1.00.

The following resolution was presented for approval:

**Resolution Authorizing License Agreement with the City of South Burlington, VT for a portion of the Recreation Path**

BE IT RESOLVED, that the Vice President for Finance and Treasurer, or his successor or designee, is hereby authorized to negotiate and execute a five-year license agreement with four five-year renewal options with the City of South Burlington for a portion of University land to be used for an existing recreation path, located at Swift and Spear Streets in South Burlington, Vermont, subject to material terms and conditions reported on this date. This License Agreement will begin January 1, 2018 and end December 31, 2043.

Chair Daigle asked for details regarding the University’s termination rights for the City of South Burlington resolutions (one presented above and two to follow). Senior Associate General Counsel John Collins explained that the agreements are subject to the City of South Burlington upholding maintenance obligations. If the obligations are not met, the University can terminate the respective agreement. Additionally, each renewal requires both parties to agree and presents an additional option for termination.

Chair Daigle asked if the agreements interfere with the possibility of the University, or a potential buyer, developing the land and whether the land is developable. Senior Associate General Counsel Collins explained that a sale would have to honor the terms of the agreement.
However, the buyer could move forward with potential development if they chose not to renew the agreement. In terms of development, Vice President for Finance and Treasurer Richard Cate explained that a request would have to be submitted for possible zoning adjustments.

Trustee Frank Cioffi encouraged the University to utilize the City of South Burlington agreements to increase public awareness of how much the University does for the community.

Vice President Cate next introduced a resolution authorizing a license agreement with the City of South Burlington for a portion of the Nature Trail. The agreement is for continued operation of a nature trail on a 10’ strip of land through the Wheelock Tract at Spear and Swift Streets. The license agreement is for five years with four five-year renewal options, which combined with the previous license equals an aggregate of 51 years. Annual revenue associated with this license will not exceed $1.00.

Vice President Cate moved on to introduce a resolution authorizing a memorandum of understanding (MOU) with the City of South Burlington for shared use of the UVM Ropes Course and Farrell Park. The MOU is for the continued collaborative use of the UVM Ropes Course on the University’s Wheelock Tract on Spear and Swift Streets and the City’s Farrell Park. A portion of the audit results was included in the Foundation’s Annual Report that was included in the October 2017 Board meeting materials.

In reference to the Educational Policy and Institutional Resources Committee agenda item “UVM and American Higher Education”, Chair Daigle asked Provost David Rosowsky if the topic will cover how the University is positioned to respond to national challenges in higher education.
