Definition and Methodology Explanations						
1	Differs from IPEDS in that it includes both full-time and part-time first-time first year (FTFY) students					
2	Includes all FTFY full-time and part-time associate's and bachelor's students					
3	Data for new fall-term master's and doctoral students, both full-time and part-time, returning the following fall.					
4	Combines graduation rates for master's students entering five years earlier and doctoral nine years earlier
