Math 17 Syllabus  
Spring 2015

Name: Ada Morse  
E-mail: anmorse@uvm.edu (always use “MATH 17” in the subject line)  
Office: Henry Marcus Lord House Room 106 (16 Colchester Avenue)  
Office Hours: TBA  
Recommended Text: Excursions in Modern Mathematics by Peter Tannenbaum, 8th edition  
Required Tools: Scientific calculator  
Course Website: http://uvm.edu/~anmorse/17s15.html

Quizzes: There will be an in-class quiz every Friday. Any material from lecture, homework, and readings is fair game to appear on a quiz. The two lowest quiz grades get dropped. There will be no makeup quizzes allowed. Absolutely no use of cellphones during quizzes.

Homework: Homework sets and readings will be assigned roughly every week, at which point you will have a week to complete them. Homeworks are not collected/graded, but solutions will be posted after they are due. You are strongly encouraged to complete all homework assignments before reading the solutions, as you will be expected to solve similar problems on quizzes and exams.

Tests: There will be 3 tests and a final exam for this course. Make-up tests may be possible if there has been adequate notice, but should not be assumed.

Class participation: Full marks in this section will go to students who are consistently well-prepared to engage in class discussions and activities.

ACCESS: In keeping with University policy, any student with a documented disability interested in utilizing accommodations should contact ACCESS, the office of Disability Services on campus.

Academic Honesty: Violations of the UVM academic honesty policy will be taken seriously, and any suspected violations will be forwarded immediately to the appropriate campus authorities.

Grading:  
20% In-class quizzes  
50% 3 Midterms  
20% Final Exam  
10% Class participation

Test Schedule

Test 1 January 30th  
Test 2 March 6th  
Test 3 April 3rd
