Impacts & Management Measures:

Traffic-
- Construction traffic will continue between Colchester Ave and the areas under construction.

Vehicle Access-
- Access to the Fleming Museum will be maintained.
- The Converse parking lot is closed. Emergency vehicles will be able to access the Converse circle through the construction gates.
- Vehicle access to the Emergency Department (ED) drop off will remain the same; parking will be split between west side of existing lot and the ED Overflow lot. Ambulance traffic will not be impacted, but drivers should be aware of pedestrian traffic between the parking lot and the ED entrance.

Pedestrian Access-
- Pedestrian traffic heading south from the McClure building can only access the ACC building, Converse Hall and other UVM buildings by walking around the perimeter of the UVM Medical Center construction site. No pedestrian traffic through the Emergency Department is permitted.

Noise/Vibration-
- Noise and vibration from general construction activities around Converse Hall and ED area can be expected. There will be occasional noise from excavation equipment, concrete trucks, steel erection, building façade installation and associated deliveries. Intermittent noise may be moderate to heavy at times.
- Work will begin at 7:00 AM and may continue beyond 5:00 PM.

Environmental Impacts-
- The construction site will be kept damp to minimize dust generation.
- Construction vehicles will be equipped with low emission exhaust equipment to minimized exhaust fumes.

If you have any questions or concerns about the work planned do not hesitate to contact Dave Keelty at (802) 847-8443. To report immediate concerns, contact UVM Medical Center Security Department at (802) 847-2812.

Construction Notice # 30
