

Q & A

Purpose: This activity is designed to provide participants with an opportunity to generate and ask unanswered questions.

Total Time: 40 minutes

Step 1: Group participants in pairs (2 minutes)

Step 2: Within the pair have the participants talk about IEP Services materials and generate a list of questions or comments they would be prepared to share with the whole group. (8 minutes)

Step 3: Reconvene as a large group to respond to questions (30 minutes).

Step 4: Unanswered questions can be submitted and every attempt will be made to respond (e.g., by phone or email if the participant leaves contact information). If enough people ask the same types of questions, responses may be posted on the project web site.
