UVM Continuing Education’s student population ranges from high school, undergraduate and transfer students in the Summer, to international and out of state students in UVM’s online certificate programs, to more seasoned students seeking to enhance their academic and professional portfolios for career transitions or personal reasons. UVM Continuing Education serves students who have completed undergraduate degrees and are aligning for successful admission into Medical, Dental, and Veterinarian Schools. These students come to us for personalized advising and strategizing on how to apply to such schools. Through Continuing Education, all of the above gain access to UVM’s resources. As such, this population of students is considered non-degree or non-traditional.

Through this practicum the graduate student will gain an understanding of the role of a Student Service Academic advisors, with particular attention given to projects involving student support in Blackboard, UVM’s online course delivery medium.

Additionally, the practicum will allow HESA students the opportunity to learn the ins and outs of advising Post Baccalaureate Pre-Medical students who are aligning for successful admission into Medical, Dental, Nursing, Physician’s Assistant and other programs the health field.

Also, in partnership with the School of Business Administration, Continuing Education offers several non-credit professional development programs and workshops designed for business and non-profit professionals via UVM’s Center for Leadership and Innovation. This practicum will give HESA students exposure to the challenges and triumphs of working with several constituencies to deliver theoretical and practical knowledge and training to professionals in the non-profit and for profit business community.

Finally, the Legal Issues in Higher Education national conference is hosted every year by UVM Continuing Education and draws higher education professionals from across the country. This practicum will offer the opportunity for involvement in this conference and its onsite implementation.
