1. GENERAL INFORMATION:

A. LECTURE:

Office Hours:  T-Th 10:00-11:30, 1:30-3:30 and 5:30-6:15
Wed: 3:00-6:00 or by appointment

Lecture:  
Lectures cover the material in the order assigned at the end of this syllabus in the tentative lecture section. Attendance at lecture is not mandatory. If you do come please stay through the lecture and refrain from talking to other students.

Exams:  Exams are schedule for Wed nights from 6:15 - 9:00 pm in MLS 235. Please contact me immediately if you miss an exam as there is a real possibility that it can be made up on Thurs or Fri of the exam week. If a make up exam can not be rescheduled then the missed exam is the grade that is dropped.

Only non-programable calculators maybe used for taking exams. No other electronic devices are allowed (i.e. no cell phones, mp-3 players, ipods etc). Students caught using any electronic device other then a non-programable calculator will receive a zero for the exam. If you need to use a calculator during an exam it is the responsibility of the student to bring a non-programable calculator to the exam.

Listed below are the scheduled exam dates

Ex-1 Wed, 4 FEB  Ch: 4(sec .4-.7), all 12, 13
Ex-2 Wed, 11 MAR  Ch: sec 4.8, all of 14, 15
Ex-3 Wed, 1 APR  Ch: all 16,17
Ex-4 Wed, 22 APR  Ch: sec 4.9, all of 18, 19
Final Tues, 5 MAY  Comprehensive (4:30-7:15 in Angell B 106)

Recitation:  Wed, 6:15-7:15 in MLS 235

Review Sessions:  week of exam only,  Sun 4:30 pm Angell B112,

Problems: Answers to the review questions and exercises are in the solutions manual. While it is strongly recommended that you do as many problems as possible, the problems are not collected and do not count towards your grade.
B. SUGGESTED READING:

Text: "Chemistry, A Molecular Approach" by Nivaldo Tro, volume 2, custom edition for UVM, is sold at the UVM bookstore. This is actually the third edition of Tro, but is the second time it has been packaged specially for UVM. The solutions manual that comes with the text has the complete solutions to all the assigned problems.

Login: isharp@uvm.edu        Pass Word: SHARPSPRING2015

Lab Manual:

"Chemistry 32, A Lab Manual", sold at first floor stockroom, A-143 Cook, for $15.00

Notes & Old Tests:

Available on Blackboard

C. LABORATORY:

TA: TBA

Time:

As scheduled

Lab Videos:

Prior to the attending a lab session it is mandatory to watch the video that accompanies the lab. The videos demonstrate the proper use of new equipment, and the safe handling of chemicals. The videos are found at http://www.uvm.edu/~chem/courses/?Page=32Videos.html

Attendance:

Students must attend the lab section they are assigned to. Official documentation of sickness or family crisis is required if a lab is missed. Unexcused absences will result in a ZERO grade for that laboratory experiment. In order to take a lab at a time other then your assigned time you must obtain the permission of the lab coordinator, Christine Cardillo. If possible, please reschedule labs a week in advance. If for any reason more than two labs are missed you will receive an F for the course unless the dean of the college you are enrolled in grants you an incomplete.

Breakage Card:

A breakage card ($40.00) must be purchased from the first floor stockroom, A-143 Cook, prior to your first lab. It is advisable to purchase this card as soon as possible in order to avoid having to wait in a line. The $40.00 is refundable if you are careful and avoid breaking your equipment. Remember don't leave home without it as it is required in order to be admitted into lab.
Safety eye wear:
  OSHA approved safety glasses or goggles must be worn by everyone once any
experimentation has started in any area of a lab room. Students not observing this rule will
receive a ZERO for that experiment, warnings will not be given. Safety eye wear can be
purchased at the UVM bookstore.

  CONTACT LENSES are a potential hazard and should only be worn in the
laboratory if you have no other type of corrective lenses. If you wear contact lenses you
must wear goggles, and be sure to inform your TA that you are wearing contacts.

Foot Wear: Only shoes that cover the toes are permitted in the lab. Sandals, Crocs and other
open toed shoes are not permitted.

Lab Notebook: A notebook with carbon-less copies must used to record data taken in the lab.
All data must be recorded in ink at the time the data is generated.

D. COURSE GRADE:

  Total Points = 1000  (800 class + 200 lab)

1. Points needed to obtain a specific grade

   A $\geq$ 910  B+ $\geq$ 860  B- $\geq$ 780  C $\geq$ 650  D+ $\geq$ 600  D- $\geq$ 540
   A- $\geq$ 890  B $\geq$ 800  C+ $\geq$ 740  C- $\geq$ 630  D $\geq$ 560  F $\leq$ 539

2. How to calculate your points

   a) Class = 800pts
      4 hr Exams = 4 grades
      1 Final = 2 grades
               6 grades - 1 grade = 5 grades x 1.6 = class pts

   Only five grades are counted. If the final is your lowest grade it only counts once. If an hour
exam is your lowest grade then one of the grades for the final will replace that low exam
grade. The 1.6 factor is because each test was only worth 100 pts, and therefore the
maximum number of points obtainable from the tests are 500. In order to raise this to 800 pts
you must multiply the 500 x 1.6 = 800.

   The final:

   You may elect not to take the final and use your lowest hourly exam score as the score for
the final. You must let me know before you take the final exam if you wish to exercise this
option. Once you start taking the final exam it will be counted.
b) **Laboratory = 200 pts**

<p>| | | | |</p>
<table>
<thead>
<tr>
<th></th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Notebook / Prelab</td>
<td>18 pts</td>
<td>Lab reports</td>
<td>110 pts</td>
</tr>
<tr>
<td>Quizzes</td>
<td>72 pts</td>
<td></td>
<td>200 pts</td>
</tr>
</tbody>
</table>

Obtained from lab TA, average grade is normally an 80% or 160 pts

**Absences:**

Unexcused absences from exams will result in a ZERO as a grade on your record. With that said, please contact me any time you have trouble making an exam to discuss possible make up options.

**Example 1:**

<table>
<thead>
<tr>
<th></th>
<th>Ex-1</th>
<th>Ex-2</th>
<th>Ex-3</th>
<th>Ex-4</th>
<th>Final x 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Actual Scores</td>
<td>85</td>
<td>45</td>
<td>78</td>
<td>77</td>
<td>80 80</td>
</tr>
<tr>
<td>Scores Counted</td>
<td>85</td>
<td>80</td>
<td>78</td>
<td>77</td>
<td>80</td>
</tr>
</tbody>
</table>

Total pts = 390 x 1.6 = 624 pts from class

**Example 2:**

<table>
<thead>
<tr>
<th></th>
<th>Ex-1</th>
<th>Ex-2</th>
<th>Ex-3</th>
<th>Ex-4</th>
<th>Final x 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Actual Scores</td>
<td>67</td>
<td>78</td>
<td>76</td>
<td>69</td>
<td>62 62</td>
</tr>
<tr>
<td>Scores Counted</td>
<td>67</td>
<td>78</td>
<td>76</td>
<td>69</td>
<td>62</td>
</tr>
</tbody>
</table>

Total pts = 352 x 1.6 = 563 pts from class

3. Determination of grade.

Add up your points from the class and lab and then use the chart at the beginning to determine your course grade.

**Example 1:**

\[
\text{640 class pts} + \frac{160 \text{ lab pts}}{800 \text{ total pts}} = B
\]

**Example 2:**

\[
\text{563 class pts} + \frac{160 \text{ lab pts}}{800 \text{ total pts}}
\]
2. TENTATIVE LABORATORY SCHEDULE
