

The Vermont Bicycle and Pedestrian Coalition's Second Annual Mud Season Series 2007

Join us for inspiring presentations that will take you to byways and highways near and far. In this series we will experience Newfoundland by bike, minivan and foot, ride around the world, investigate favorite bike routes in our own state of Vermont, head to Turkey, and much more!

The mission of the Vermont Bicycle & Pedestrian Coalition, as the statewide voice for bicycling and walking in Vermont, is to promote bicycling and walking safety and access for our health, economy, environment and community. The Coalition envisions a state in which human-powered travel is a respected mode of transportation, with more and more people walking and bicycling safely to school, to work, and within the community – for fun, health, and the benefit of the environment.
