

GSA 2011 WORKSHOP – October 8, 2011

Contribute Geomorphology case studies to an on-line repository for a new community-based textbook

KEY CONCEPTS in GEOMORPHOLOGY

A new textbook by Paul Bierman and David Montgomery

GEOMORPHOLOGISTS from around the globe are adding their own **Case Studies**, **Place-based Examples**, and **Mathematical Descriptions** of surface processes to an on-line, public archive of *Vignettes* to accompany the new textbook, *Key Concepts in Geomorphology* (release date 2012 by W. H. Freeman). Share your work, help train the next generation of students, and earn a \$250 honorarium by creating *Vignettes* and joining colleagues for an evening of peer-review at GSA. We use a Creative Commons license policy and you retain all rights to your contributed work.

- Who:** Graduate Students, Professors, Post-Docs, Geomorphology Professionals, & Science Educators
- Requires:** That you upload drafts of two geomorphology *Vignettes* no later than September 18, 2011. See examples: <http://www.uvm.edu/geomorph/textbook>
- When:** Saturday, October 8, 2011, 4:00-8:00pm;
GSA, Hilton, Director's Row 4, Minneapolis, MN
- Honoraria:** USD \$250.00; paid after you participate in the GSA peer-review workshop and both *Vignettes* are edited.
- More Info:** Professor Paul Bierman, University of Vermont, Department of Geology, (paul.bierman@uvm.edu)

Meltwater pours from the Greenland Ice Sheet, 70 km southeast of Upernavik, West Greenland

Space is limited. Please respond to Paul Bierman (paul.bierman@uvm.edu) as soon as possible. Confirmation, specific participant instructions, and payment forms will be emailed to you.

☐

Yes. I am available Sat., October 8, 4-8pm and would like to participate.
