

Wollongong WORKSHOP – August 20, 2009

Contribute Geomorphology case studies to an on-line repository
for a new community-based textbook

KEY CONCEPTS in GEOMORPHOLOGY

A new textbook by Paul Bierman and David Montgomery

GEOMORPHOLOGISTS from around the globe are adding their own **Case Studies**, **Place-based Examples**, and **Mathematical Descriptions** of surface processes to an on-line, public archive of *Vignettes* to accompany the new textbook, *Key Concepts in Geomorphology* (release date, fall 2010 by W. H. Freeman). Share your work, help train the next generation of students, and earn a \$250 honorarium by creating *Vignettes* and joining colleagues for an afternoon of peer-review at the University of Wollongong. We use a Creative Commons license policy and you retain all rights to your contributed work.

- Who:** Professors, Post-Docs, Graduate Students, Geomorphology Professionals, Science Educators
- Requires:** That you upload drafts of two geomorphology *Vignettes* no later than August 14, 2009. See examples: <http://www.uvm.edu/geomorph/textbook>
- When:** Thursday, August 20, 2009, 1:00-5:00 pm; University of Wollongong, room TBA.
- Honoraria:** USD \$250.00; paid after you participate in the peer-review workshop and edit both *Vignettes*
- More Info:** Professor Paul Bierman, University of Vermont, Department of Geology, (paul.bierman@uvm.edu)

Meltwater pours from the Greenland Ice Sheet, 70 km southeast of Upernavik, West Greenland

Space is limited. Please respond to Paul Bierman (paul.bierman@uvm.edu) as soon as possible. Confirmation, specific participant instructions, and payment forms will be emailed to you.

Yes. I will prepare two Vignettes and attend the peer review workshop on Thursday, August 20 from 1:00-5:00 pm.
