RESEARCH & EVIDENCE-BASED PRACTICE SYMPOSIUM

Evolution of Nursing Knowledge: Evidence into Practice

Saturday, December 5, 2009

Poster Session & Reception - Friday Evening, Dec. 4

Fletcher Allen Health Care Davis Auditorium

Burlington, Vermont

Respond to the CALL for ABSTRACTS by August 14.

Call for Abstract submissions are being sought for the 1st Annual Research & Evidence-Based Symposium. Hosted by Fletcher Allen Health Care, the Symposium will provide a forum for nurses (staff, students, educators, administrators, and researchers) in Vermont and the surrounding region - regardless of experience in conducting nursing research - to learn more about the evolving realm of nursing knowledge.

To respond to the Call for Abstracts, refer to the Symposium Guidelines that follow this announcement.

At the Symposium, nurses will have opportunity to share empirical research, evidence-based practice, as well as quality improvement projects. Projects may be completed or in progress. Selected projects presented as verbal or poster presentations will launch opportunities for formal and informal dialogue during and after the Symposium.
