

2nd Annual Nursing Research

& Evidence-Based Practice Symposium

Save
the Date

PROMOTING NURSING'S FUTURE: Building Bridges from Classrooms to Clinical Settings

Friday & Saturday, November 5 & 6, 2010

Fletcher Allen ♦ Davis Auditorium ♦ Burlington, Vermont

Respond to the **CALL for ABSTRACTS** by August 13.

Expanded to 2 days in 2010, the Symposium provides a forum for nurses (staff, students, educators, administrators, and researchers) - regardless of experience in conducting nursing research - to learn more about the evolving realm of nursing knowledge.

Building on the success of its first year, the Symposium will showcase and highlight **nursing research, evidence-based practice, and quality improvement projects.**

Projects may be completed or in progress. Selected projects, presented as oral or poster presentations, will launch opportunities for both formal and informal dialogue during and after the two day Symposium.

Respond to the Call for Abstracts by **Friday, August 13.**
