

## HAVE YOU

- Been spending **AT LEAST 12 HOURS** a week outside class preparing?
- Been reading the relevant chapters **BEFORE** coming to lecture?
- Been **ASKING QUESTIONS** about the homework problems before coming to recitation?
- Been an **ACTIVE** participant at recitation and asked questions instead of waiting for someone else to ask your questions for you?
- Been trying to see the **LOGIC AND METHOD** behind solutions instead of simply memorizing them?
- Been keeping lecture notes that are **COMPREHENSIVE** enough to help you study for the exam?
