

The University of Vermont

# SNURF

## Exciting opportunity to discover the world of neuroscience research!

- 10 week summer research program
- Access to state-of-the-art core facilities
- Friendly environment
- Personalized attention
- Group outings to explore Vermont
- Stipend includes \$5,000 and on-campus housing

### Funded by:

- National Science Foundation (NSF) Research Experience for Undergraduates (REU)
- UVM College of Medicine Office of Diversity & Inclusion

*"The SNURF program has provided me with a greater breath of experience in neuroscience, and I have had the opportunity to learn a variety of laboratory techniques. This experience will benefit me whether I ultimately choose to pursue a career as a clinician, researcher, or a combination of both."*

*-Haris, 2013 SNURF*

## APPLICATION DEADLINE: FEBRUARY 1st
