UVM’s Center on Aging Research Day

March 23, 2010

Invitation to submit poster sessions

The Center on Aging at UVM invites faculty and students to submit poster sessions on age related research and projects for the March 23 Research Day.

We are inviting submissions of poster sessions showcasing research, teaching or programming related to aging by faculty, students (undergraduate, graduate, and professional) and practitioners.

Information on participation as follows:

**What is a poster session?** An exhibit of current research and/or practice where results can be readily summarized in graphic forms such as tables, graphs, text and pictures. Presenters personally attend their exhibits and discuss their project and results with interested parties attending the research day.

**Who may submit a poster session?**
Faculty, students, service providers/practitioners with a focus on aging.

**Requirements for a poster session:**
Presenters are required to bring own laptops if included in display. Easels and 4 foot by 8 foot poster board will be provided along with push pins and a chair.

**Submission process:**
Submissions for poster sessions should include the following:

1. Contact information
2. Session title
3. Abstract of session (300 word max)
4. Funding source (if research)

Please submit poster session proposals by February 12, 2010 online to: Deborah.worthley@uvm.edu
If you have questions, please contact Deborah.worthley@uvm.edu or 802-656-4220
