Connect with your UVM and Burlington Communities! Make Dewey House your home and live with passionate people who make positive social change through Service, Learning, and Leadership.

Live:
First Year Dewey students live together on the first floor of Harris Hall. Students have exclusive access to a newly renovated common room and study space as well access to Dewey House events and programs.

Learn:
Once a student has been accepted into the Dewey House they enroll in a one-credit service learning seminar each semester. Seminars allow students to broaden their understanding of community engagement, take part in service learning projects, and get hands-on experience volunteering in the Burlington community.

Serve:
What Deweys Do! Every student takes part in transformative community engagement work. The Dewey House hosts monthly forums, crews, and gatherings that kick start students’ service-learning experience at UVM and in Burlington.
