

Do you experience panic attacks?

The Anxiety and Health Research laboratory at the University of Vermont is currently recruiting individuals **with or without panic attacks** to participate in a paid research study investigating risk factors for panic disorder:

- **2 Laboratory Visits (4 hours total)**
- **Complete a clinical interview, questionnaires, and a brief laboratory procedure**
- **Receive \$30 cash for your participation**

Interested?

Please contact Erin at the Anxiety and Health Research Laboratory at 656-3831 for more information.
