As the fall semester opens, we welcome the Class of 2012 to the University of Vermont. By many measures, these young men and women will be an outstanding new generation of UVM undergraduates. They bring the enrichment of diversity to our community with ALANA enrollments that continue to rise in ways that are deeply significant. They bring academic excellence with test scores and class rank that reflect our ability to attract the best and the brightest. Further evidence of this is seen in the Honors College, which will enroll a class of scholars significantly larger than projected levels. A record pool of applicants, in excess of 21,000, has been converted to a first-year class that is ample proof that our efforts in building the quality and reputation of this great University are being recognized where it counts most—among students and their families.

Bringing students to our University, though, is just one factor in the enrollment management equation. The other, of course, is meeting the expectation that drew them here in the first place. Meeting those high expectations is about so many things—the academic rigor of the classroom experience, the quality of our facilities, the safety of our campus, the spirit and sense of inclusion in our community. Making the University of Vermont a place where students feel challenged, secure, and welcomed is not the work of one office or of a few individuals, but the work of us all. I extend heartfelt thanks to all of our staff for all that you do to make this higher education community a place where students recognize value, feel valued, and enjoy a keen sense of welcome and belonging.
A Note from Staff Council President Beth Walsh

Parking Changes at UVM

On July 9th an email from Transportation and Parking Services was sent to all UVM staff notifying us that 200 parking spaces in the Agriculture and Engineering Lot would be closed due to the nearby construction of the James M. Jeffords Hall. By August 22nd anyone with a Brown tag would now have to use the Gutterson parking structure or the Centennial Field lot. Since I had an Orange tag, I did not believe this email notice affected me. I am sure you can imagine my surprise when I received my new 08/09 parking tag and discovered it was Brown. I was sure there was a mistake and wanted to know what had happened.

After hearing from a number of staff members with the same questions that I had – How will I get to my office? Why is the cost the same for Brown and Orange tags? Will there be enough parking at Gutterson? – I decided to organize a meeting with Transportation and Parking Services Director Katherine “Deac” Decarreau and Transportation Manager Michael Altman that also included Staff Council Administrator, Jeff Bukowski, and College of Medicine Staff Council representative (and Benefits Committee member) Rita Lemire.

At our August 13th meeting, Deac did a fabulous job explaining the events that led to the distribution of all those Brown tags. She and Mike also explained that staff who park at Gutterson will be able to board a bus at Patrick Gym that will deliver them directly to the front of Royal Tyler Theater, on University Place. The bus will also drop off at the Kalkin Building, rear of Bailey/Howe Library, Chittenden-Buckham-Wills, and the Given Building. The buses will begin running at 7:30am and will pick up at Patrick Gym approximately every 7 minutes. An extra bus will be added to the route during the busiest time of the morning. The buses will continue running until 12:00, midnight. Because of the ability for these buses to deliver staff to the various corners of campus, the decision was made not to reduce the cost of parking.

Deac assured us that Gutterson can accommodate the increase in Brown tag holders. For those looking for an additional option, Centennial Field Lot is available. There is no shuttle running from this site. As parking spaces become available in the Agriculture and Engineering Lot, Orange tags will be distributed.

Jeff, Rita and I felt that our questions were adequately answered and that Transportation and Parking Services is prepared to make this transition painless for all Brown tag holders. If you continue to have concerns or problems, please do not hesitate to contact Transportation and Parking Services, the Staff Council Office (staff.council@uvm.edu), or me (Beth Walsh, Staff Council President, beth.walsh@uvm.edu).

Sincerely,

Beth Walsh

UVM Horticulture Research Center Apple Sale

The UVM Horticulture Research Center continues a fifty-year tradition this season and looks to the future with the opening of Apple Sales on September 5. Please note that this is one week earlier than previous years. New this year will be our Certified Organic crop, available only while our limited supplies last. This is the first certified organic crop to be produced from the Horticulture Farm and is the product of a major USDA funded project led by Plant and Soil Science professor Lorraine Berkett.

- Sales will occur every Friday from September 5 through October from 10:00 AM to 4:00 PM at the farm.
- Available varieties will change each week as the ripening season commences.
- Apple Pricing
  $1.00 per pound for conventional Integrated Pest Management (IPM),
  $2.00 per pound for Organic.
  Bulk orders and interdepartmental purchases are welcome. Proceeds from Apple Sales go to supporting research and education programs at the farm.

Volunteer Opportunity

Champlain Handicapped Adapted Mounted Program

Champlain Handicapped Adapted Mounted Program (CHAMP) is expanding its program and needs volunteers to help with the increased number of lessons we now provide. We need willing volunteers to help with riders and horses. This is a wonderful opportunity to give some time to those children and adults with special needs in Franklin and Chittenden Counties and the Champlain Islands. As volunteers we give these individuals the chance to enjoy a sport that is both therapeutic and fun. Please think about helping us out by putting a big smile on the face of a rider. If you are over 14 and can walk, talk and smile at the same time you can help.

If you have teens that need community service for a school requirement we would welcome them to our program. Think about making it a family time to give back to the community.

CHAMP Fall Sessions
This fall we are expanding our regular sessions to three days a week and eight weeks, instead of six.

Hands-on Volunteer Training Session:
Saturday, September 20 - 1-3 PM

Program Dates:
Mondays, September 22-November 10 • Noon - 1PM - 2PM - 3PM
Wednesdays, September 24 - November 19 • Noon - 1PM - 2PM - 3PM
Saturdays, September 27 - November 22 • Noon - 1PM - 2PM - 3PM

(There will be no lessons on Wednesday, October 29 or Saturday, November 1 as we will be attending the NARHA - North American Riding for the Handicapped Association - National Conference.)

If you have any questions please call Sue Tebbetts at 656-7941 or 372-6015 or email susan.tebbetts@uvm.edu

UVM DEPARTMENT OF THEATRE ANNOUNCES 2008-09 SEASON
EURYDICE, CABARET AND THE SEAGULL

The UVM Department of Theatre announces its 2008-2009 Season complete with contemporary twists on ageless classics and a Tony Award winning musical. Discounted subscription packages are on sale now on line at www.uvmtheatre.org or by mail.

The Box Office opens for walk up and phone single ticket sales on September 9th.

Opening October 1st – 12th the play Eurydice by award winning playwright Sarah Ruhl and directed by Sarah Carleton. The New York Times calls Ruhl's Eurydice “...A quirky contemporary meditation on a classic story that has the subliminal potency of music, the head-scratching surprise of a modernist poem and the cockeyed allure of a surrealist painting. It's pretty funny, too...”

The Kit Kat club comes alive at the Royall Tyler when the Tony Award winning musical Cabaret arrives November 5-16. With lyrics by Fred Ebb, music by John Kander and book by Joe Masteroff Cabaret was a groundbreaker offering vivid songs and rich story lines set in 1929-1930 Berlin. Songs include Wilkommen, Two Ladies, Tomorrow Belongs to Me, Don't Tell Mama and of course Cabaret! Directed by Gregory Ramos Cabaret is not to be missed!

The season closes with Anton Chekhov's The Seagull (with adaptation TBA). Directed by Peter Jack Tkatch The Seagull runs February 18th – March 1st. The Seagull is a slice-of-life drama set in the lush countryside where artists are plentiful, love is in the air, and jealousy and heartbreak linger. The play is rich with passion and raw emotion and explores the timeless pursuit of love, art and unrequited desire. Chekhov famously described The Seagull as “a comedy with ...a landscape, lots of talk about literature, little action and a ton of love.”

The annual holiday favorite The Toys Take Over Christmas by Patricia Clapp will return for Season 18 on December 6 & 7, 2008 10am, 2pm & 6pm. Tickets go on sale October 15th or earlier when ordering a subscription. Tickets for Toys are $12 for all adults and $7 for children under 14.

How To Order

Subscriptions are $45 for Adults and $36 for UVM Faculty/Staff, Seniors 55+ and Non-UVM Students. Subscriptions are available on line at www.uvmtheatre.org or by mail and are on sale now to September 30. Single Tickets will be $17-$7 for Eurydice and The Seagull and $19-$9 for Cabaret. All performances are at 7:30pm with the exception of the Sunday Matinees at 2:00pm. Group and class sales are available by contacting Molly Kurent, Director of Marketing at 656-0094, the Box Office at 656-2094 or Molly.Kurent@uvm.edu. New to 2008! ASL interpreted and Audio Descriptive performances for the deaf and hard of hearing and the blind will now be presented on the final Sunday Matinee. For more information visit the website at www.uvmtheatre.org.

Staff Council Representatives Needed

Several units and departments still need to hold elections for additional representatives in the upcoming year.

CAS - College of Arts & Sciences - One (1) available Representative position
COM - College of Medicine - Six (6) available Representative positions
DAR - Development and Alumni Relations - One (1) available Representative position
VPS&CL - VP Student & Campus Life - Five (5) available Representative positions
VPEM - VP Enrollment Management - One (1) available Representative position
VPF/AFS - VP Finance, AFS - Six (6) available Representative position
VPF/UFS - VP Finance, UFS - One (1) available Representative position

Please visit the Staff Council website at www.uvm.edu/~stffcncl to learn more about how you can get involved.

For over 37 years Staff Council has served as an important and vital organization at the University of Vermont as a voice and advocate for all UVM staff.

Staff Council is composed of 44 elected representatives from 18 units including all of UVM’s colleges/schools and administrative areas. The Staff Council appoints members to key university committees, including the Board of Trustees, major search committees, and the Fiscal Priorities Committee. They are also consulted, along with Faculty Senate, the Student Government Association, and the Graduate Student Senate, on matters of policy proposals and revisions of current policies.

The time commitment for each representative includes one meeting per month of the full Council, and at least one committee meeting each month. This averages out to three hours each month.

We strongly encourage you to participate in this leadership opportunity by serving as an ambassador for the staff members in your unit, thereby providing information and advocacy to the Staff Council as well as reporting back to your peers. This position has potential to enhance your personal and professional growth.

Please volunteer by nominating yourself or another and notify your direct supervisor and Staff.Council@uvm.edu. Call the Staff Council office at 656-4493 with any questions.

September 16 - Managing Stroke: Modern Approaches for Improving Recovery
Mark Gorman, M.D., Associate Professor of Neurology and Director of the Stroke Program
Stroke is the leading cause of adult disability in the western world and the third leading cause of death in North America. Technological advances over the last 15 years have brought about a rebirth in stroke medicine. Learn about the common signs and symptoms of stroke and explore technological advances, including interventions used within hours of stroke, that help clinicians better diagnose and manage stroke.

September 23 - From the Playing Field to the Bench: Knee Injuries in Young Athletes
James Slauterbeck, M.D., Associate Professor of Orthopaedics and Rehabilitation and Orthopaedic Surgeon
Examine the basic anatomy of the knee's anterior cruciate ligament (ACL), how ACL injuries occur, and which young athletes are most at risk for this injury based on basic laboratory research findings. ACL injury studies conducted at the University of Vermont, as well as other medical institutions, will be discussed.

September 30 - Robotics: The History and Future of Computer-Assisted Minimally-Invasive Surgery
Scott Perrapato, D.O., Associate Professor of Surgery and Urologic Oncologist
Learn the history and current status of computer-assisted surgery and discover why robotic-assisted laparoscopic prostatectomy (RALP) is the number-one surgical treatment for prostate cancer worldwide. Review what the immediate future holds for these new technologies, as well as the field of telesurgery.

October 7 - Maintaining Control: Strategies for Treating Urinary Incontinence
Julie LaCombe, M.D., Assistant Professor of Obstetrics, Gynecology and Reproductive Sciences and Urogynecologist
Approximately 75 to 80 percent of Americans who suffer from urinary incontinence are women. Discover the underlying causes of bladder and pelvic floor disorders and examine the surgical and non-surgical therapies available to remedy this lifestyle-limiting condition.

October 14 - Heart Failure: When Your Hardest Working Muscle Quits
Martin LeWinter, M.D., Professor of Medicine and Molecular Physiology and Biophysics and Cardiologist
More than 5 million Americans are living with heart failure, according to the American Heart Association. Learn about the molecular mechanisms that affect the heart's pumping function and blood pressure, as well as currently available treatments and research taking place at our academic medical center.

October 21 - Physical, Emotional & Spiritual Comfort: Providing Options through Palliative Care
Allan Ramsay, M.D., Professor of Family Medicine and Medical Director of the Palliative Care Service
Gain an understanding of what palliative care is and how it can improve treatment and relief for patients with serious illness. The Palliative Care Program at Fletcher Allen, as well as common clinical problems managed by a palliative care consultation service, will also be discussed.

October 28 - Bad Blood: How Success in the Lab Leads to Success in Treating Leukemia and Lymphoma
Barbara Grant, M.D., Associate Professor of Medicine and Director of the Stem Cell Program
Examine two blood cancers - lymphoma, which originates in the lymphatic system, and leukemia, which begins in a cell in the bone marrow. Review the signs and symptoms patients experience, find out what scientific discoveries have led to rapid advances in treatment options and how clinical trials, as well as the Vermont Cancer Center, have played a role in identifying new therapies.
